1 Introduction

The Jadeer Jobseeker Guide is intended to help job seekers efficiently utilize and navigate the features available within the Jadeer platform.

Jadeer is an AI-powered recruitment system designed to support job seekers throughout their career journey by simplifying profile creation, job discovery, interview preparation, and application management. The platform provides intelligent career support through AI-generated CV enhancements, mock interview practice with detailed feedback, personalized job recommendations, voice and performance analysis, and comprehensive interview reports. These features assist job seekers in presenting their qualifications effectively, improving their interview skills, and identifying suitable job opportunities more efficiently while building confidence for the hiring process.

This guide provides step-by-step instructions to help job seekers create and manage professional profiles, search and apply for job postings, practice mock interviews with AI feedback, enhance their CVs with intelligent suggestions, review interview performance reports, save favorite job opportunities, and manage their recruitment activities through the platform. By integrating AI-supported analysis with an organized user interface, Jadeer aims to support job seekers' and help them with their path toward finding the right career opportunity.

2 Welcome Page

Figure 1 shows The Welcome Page which is the first screen displayed when opening Jadeer. It allows job seekers to either log in to an existing account or create a new account by selecting the Sign-Up option.

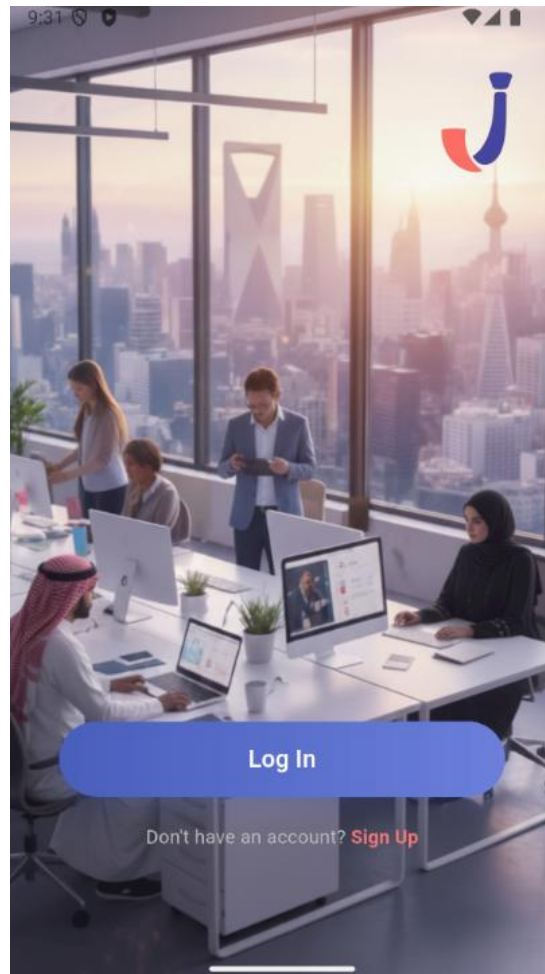

Figure 1: welcome Page

3 System Access

3.1 Create Jobseeker Account

After selecting Sign Up, the user is directed to the registration page. The job seeker must select the Job Seeker option and enter the required account information:

- full name
- email

then click the arrow button to continue the account creation process.

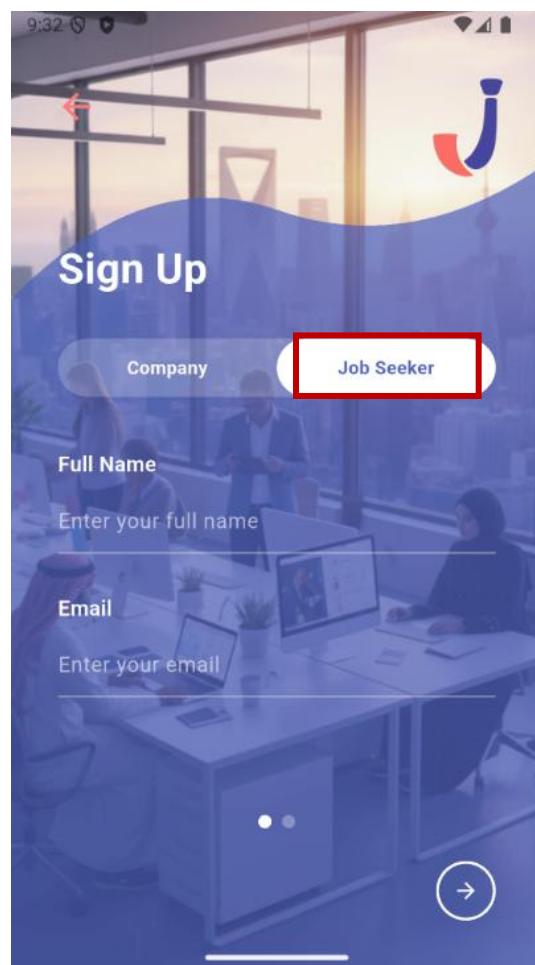

Figure 2: registration

3.1.1 Handling missing fields and invalid input

If the user leaves a required field empty such as Full Name or Email, an error message appears under the missing field, asking the user to enter the required information.

The system also checks whether the full name and email are written in the correct format. The full name must contain at least two words and include letters only, while the email must follow a valid email format.

If the entered email is already registered in the system, Jadeer displays an error message informing the user that the email is already in use and asks them to log in instead.

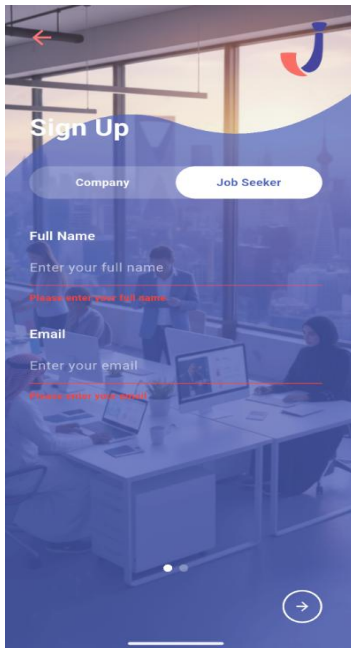

Figure 3: Missing Required Fields

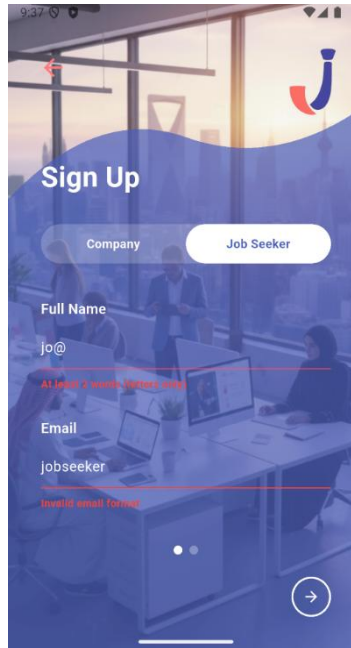

Figure 4: invalid name & email format

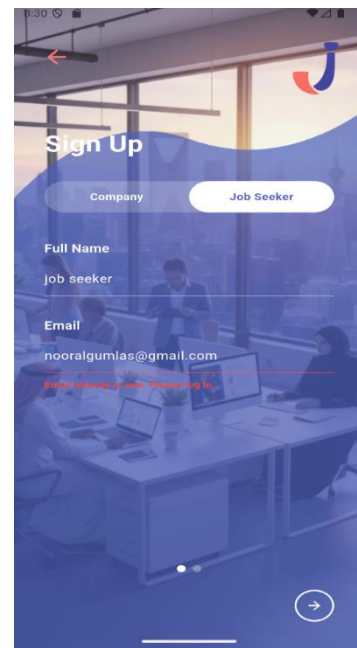

Figure 5: Email already in use

After entering the full name and email, the job seeker clicks the arrow button to move to the second registration page.

On this page, the user is required to create and confirm a password. If the password field is left empty, an error message appears asking the user to enter a password. The password must meet all security requirements that are:

- least 8 characters
- one uppercase letter
- one lowercase letter
- one number
- and one special character.

The system also checks whether the Password and Confirm Password fields match. If the two passwords are different, Jadeer displays an error message informing the user that the passwords do not match.

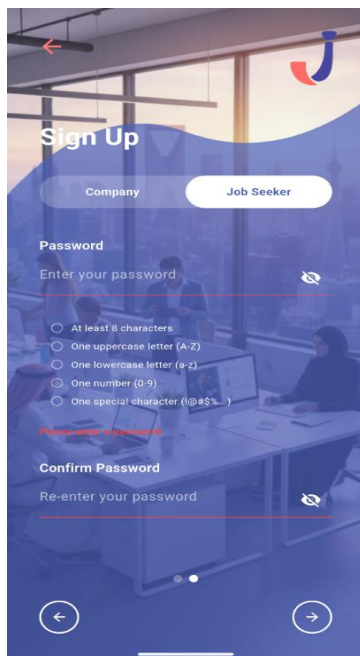

Figure 8: missing fields

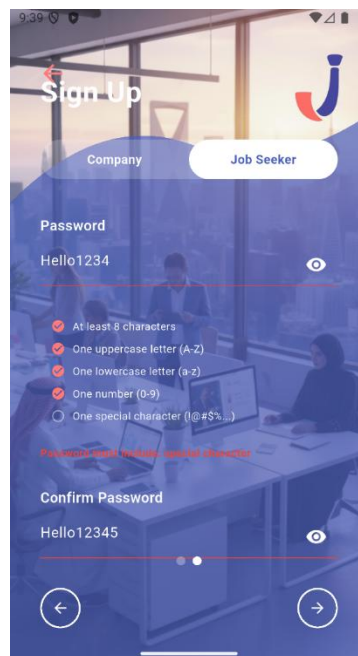

Figure 6: Weak password

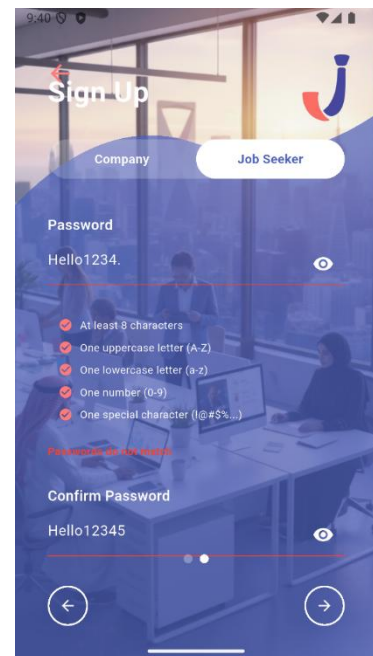

Figure 7: Password Not Matching

3.1.2 Email Verification (OTP)

After completing the registration form, the job seeker is directed to the email verification page. Jadeer sends a 6-digit One-Time Password (OTP) to the email address entered during registration.

The user must check their email, enter the verification code in the OTP field, and continue. If the correct code is entered, Jadeer displays a confirmation message indicating that the email has been verified successfully and the user is redirected to the log-in page.

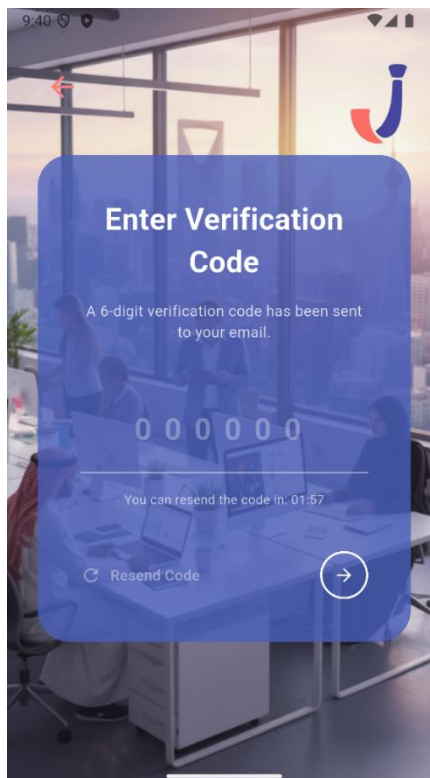

Figure 9: OTP page

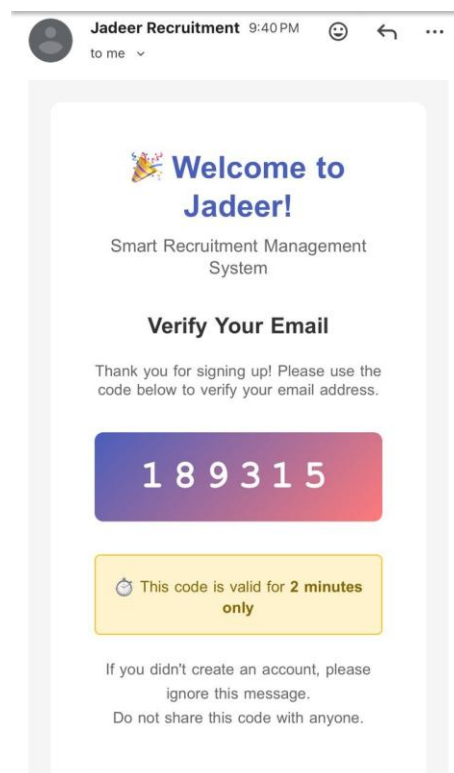

Figure 11: OTP Email

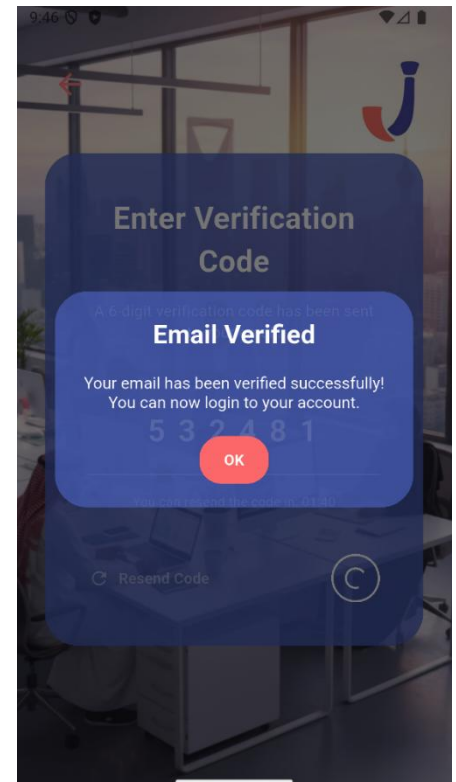

Figure 10: entering the correct OTP

3.1.3 Handling OTP Verification Issues

Jadeer checks whether the entered OTP is:

- correct
- still valid

If the user enters an incorrect OTP, an error message appears informing them that the verification code is incorrect. If the OTP has expired, the system displays a message indicating that the code is no longer valid and asks the user to request a new one.

The job seeker can select the Resend Code option to receive a new verification code by email.

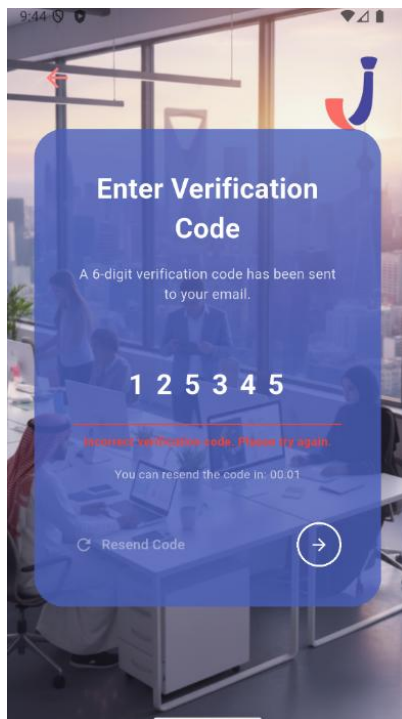

Figure 13: Incorrect OTP

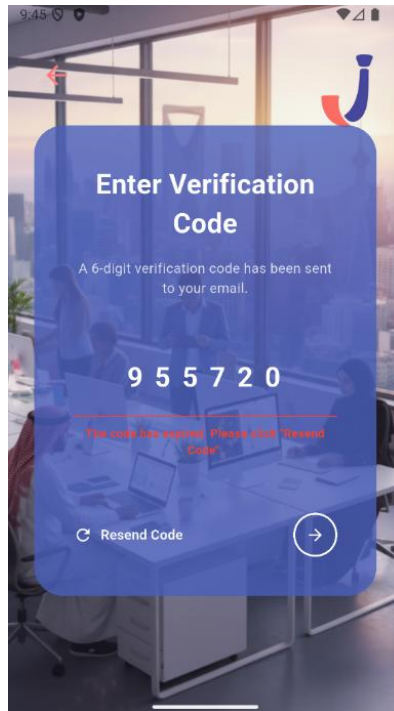

Figure 12: Expired OTP

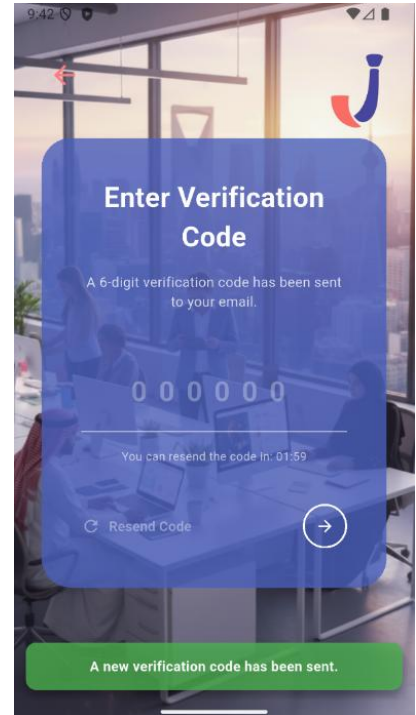

Figure 14: Resend OTP

3.2 Logging In

After the job seeker successfully verifies their email, Jadeer directs them to the Log In page. The user can also access this page from the Welcome Page by selecting Log In. On this page, the job seeker enters their registered email address and password to access their account.

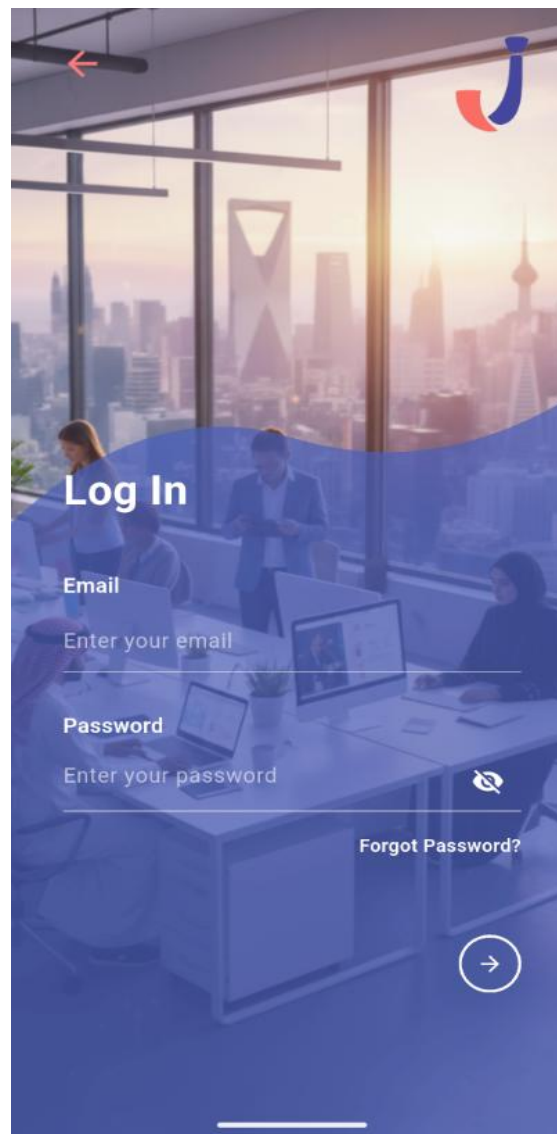

Figure 15: log in page

3.2.1 Handling Login Errors

If the user leaves the email or password field empty, an error message appears under the missing field.

If the email format is invalid, the system displays an invalid email format message.

If the entered email or password is incorrect, Jadeer displays an error message informing the user that the credentials are invalid and asks them to try again.

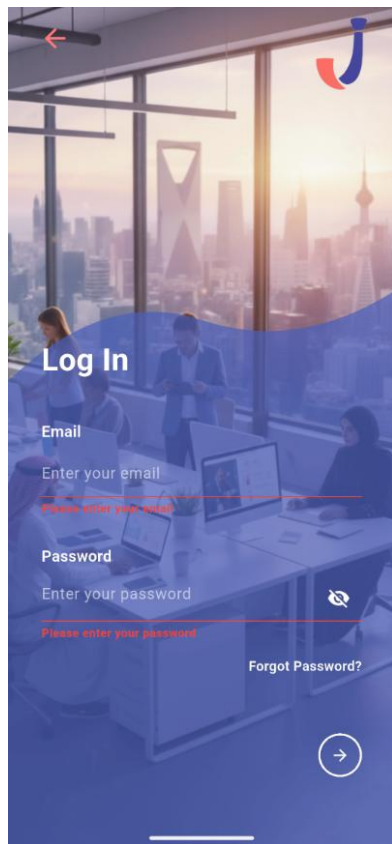

Figure 18: missing fields

Figure 17: invalid email format

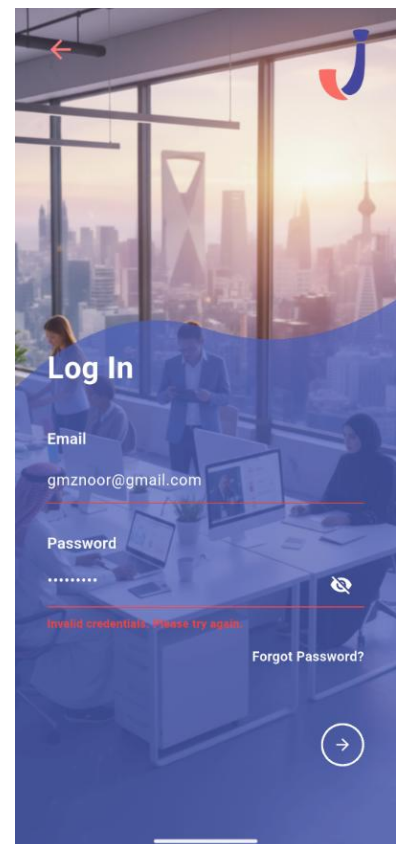

Figure 16: Wrong Credentials

3.3 Forgot Password

If the job seeker forgets their password, they can select the Forgot Password? option on the Log In page.

Jadeer then directs the user to the Forgot Password page, where they must enter their registered email address. After submitting the email, the system sends a password reset verification code to the user's email and directs the user to the verification Code page.

Figure 20: Forgot Password Page

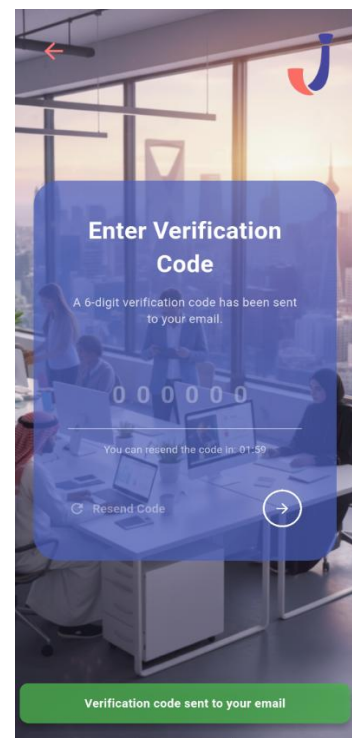

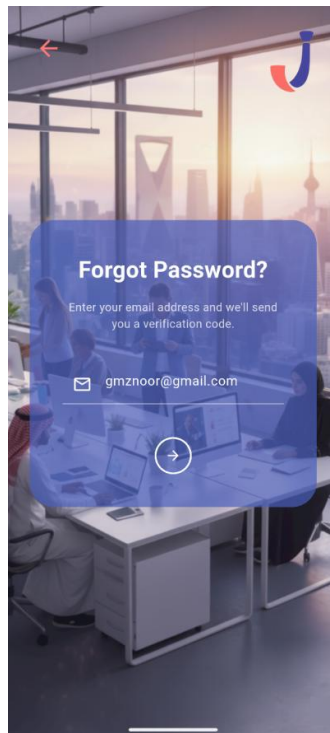

Figure 21: Verification Step

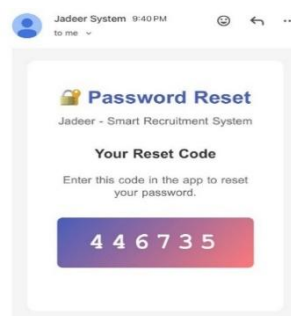

Figure 19: Reset Password Email

After the verification code is entered correctly, Jadeer directs the job seeker to the Create New Password page. On this page, the user enters and confirms a new password. The new password must follow the password requirements. Once the password is changed successfully, Jadeer displays a success message confirming that the password has been reset and that the user can log in using the new password.

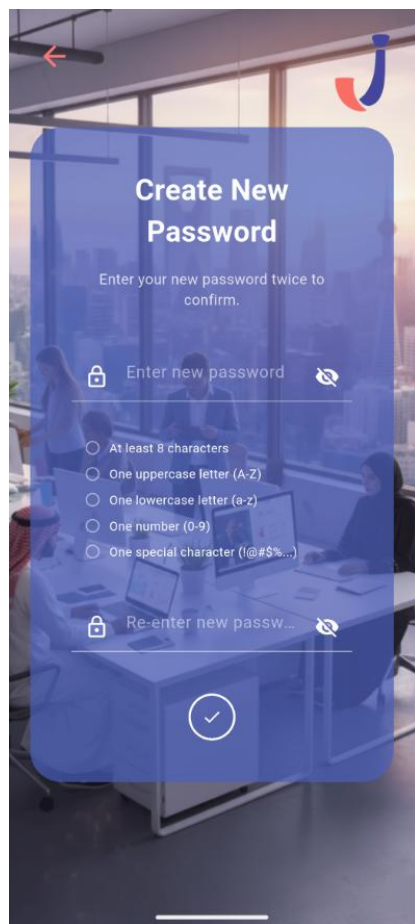

Figure 23: New Password Page

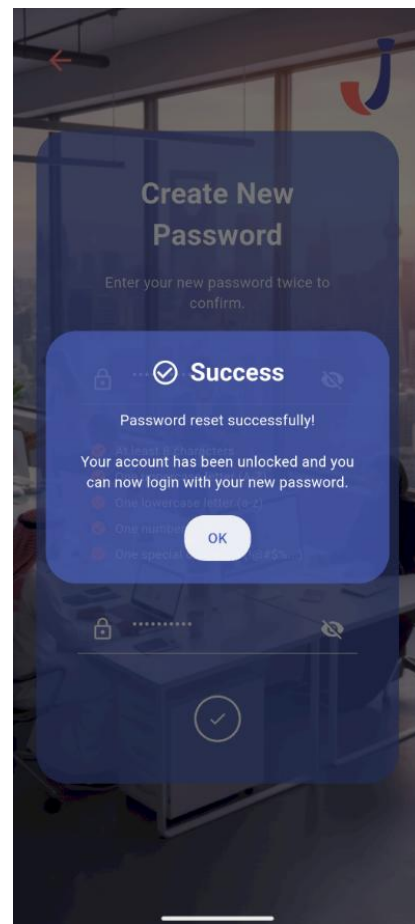

Figure 22: Successful Password Change

4 Job Seeker Home Page

After logging in successfully, the job seeker is directed to the Home Page. This page provides access to the main job seeker features, including job search, mock interviews, and CV enhancement. It also includes account-related options such as Profile, Notifications, and Settings.

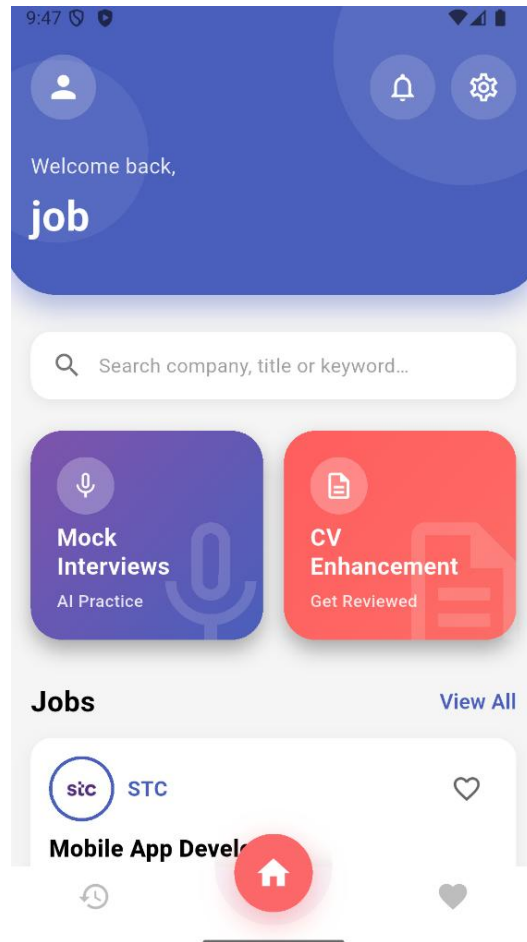

Figure 24: Home Page

4.1 Profile Management

After selecting the Profile icon on the Home Page, the job seeker is directed to the Profile page. This page displays the user's basic profile information, including the profile picture, name, and CV upload status. It also provides access to sections for managing Profile Information and Contact Information.

Figure 25: profile button

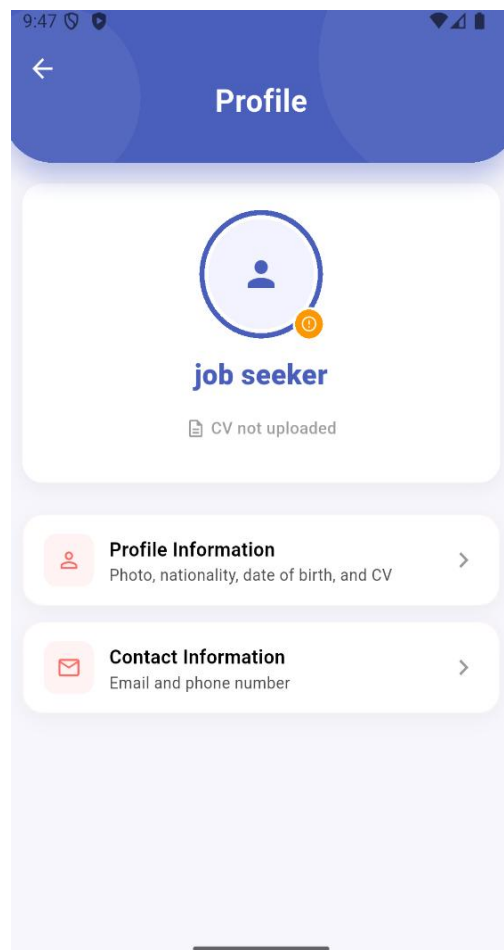

Figure 26: Profile Page

4.1.1 Edit Profile Information Page

When the job seeker selects Profile Information, Jadeer opens the Edit Profile page. In the Profile Info section, the user can update personal details such as profile photo, date of birth, nationality, and CV file.

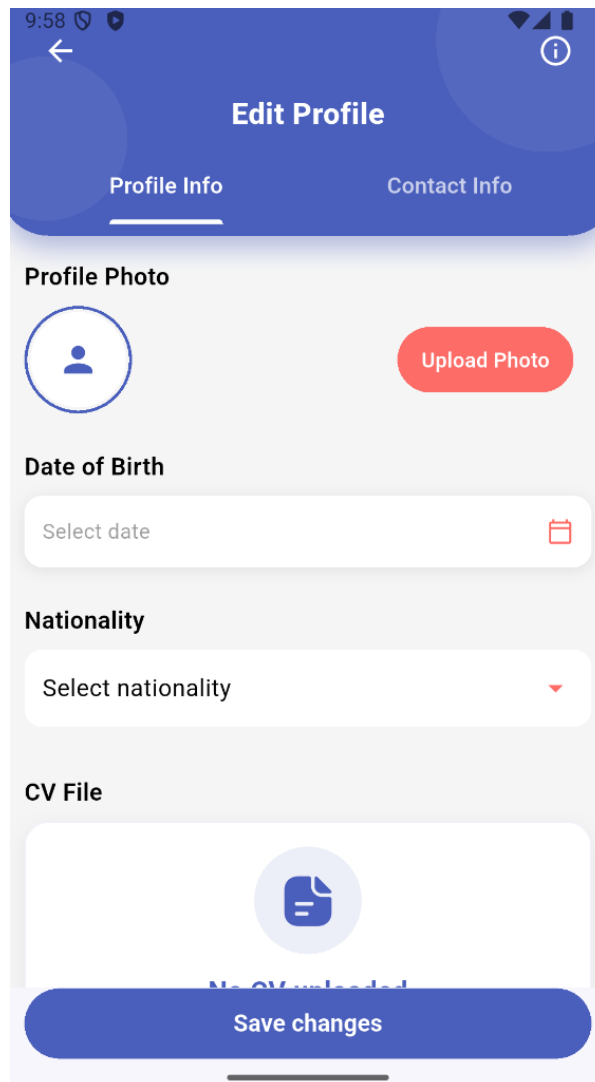

Figure 27: Edit Profile Information Page

4.1.1.1 Updating Profile Photo

To update the profile photo, the job seeker selects the Upload Photo button. Where they can choose an image either from the camera or the gallery. The user can also remove the uploaded photo if needed before saving the changes.

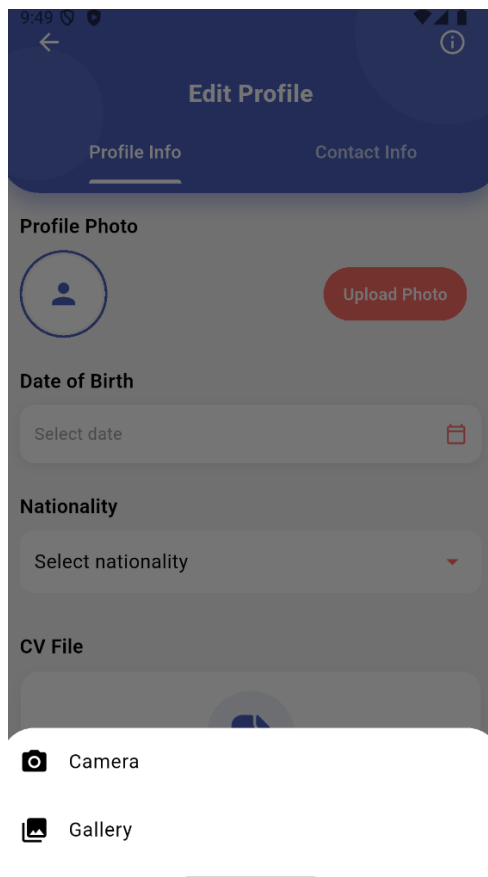

Figure 29: Selecting a Profile Photo Source

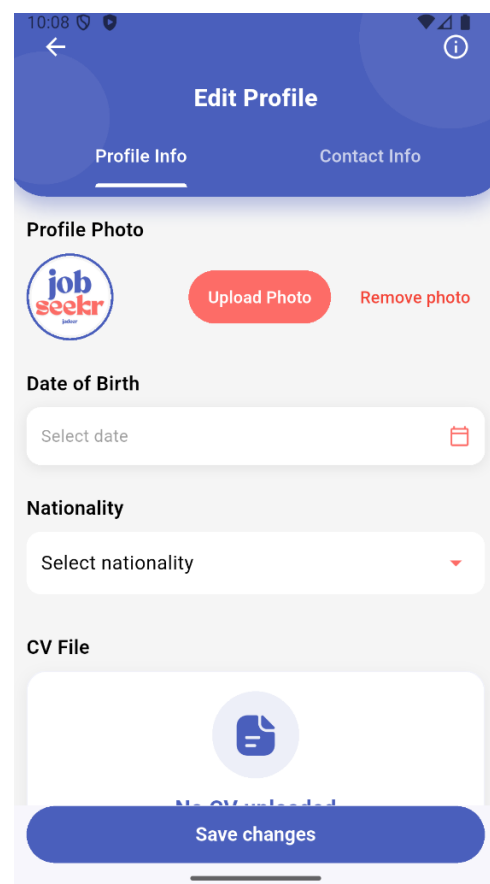

Figure 28: Uploaded Profile Photo Preview

4.1.1.2 Updating Date of Birth

To update the date of birth, the job seeker selects the Date of Birth field. Jadeer displays a date picker that allows the user to choose their date of birth. The date picker only allows dates that indicate the user is at least 18 years old.

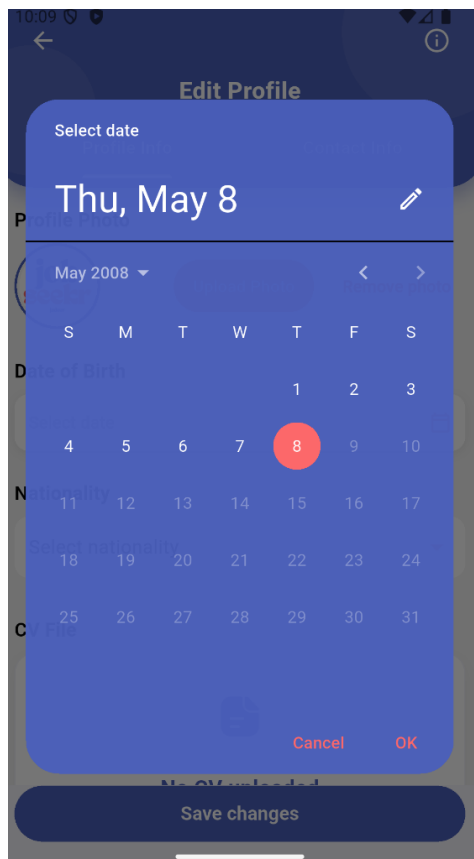

Figure 31: Selecting Date of Birth

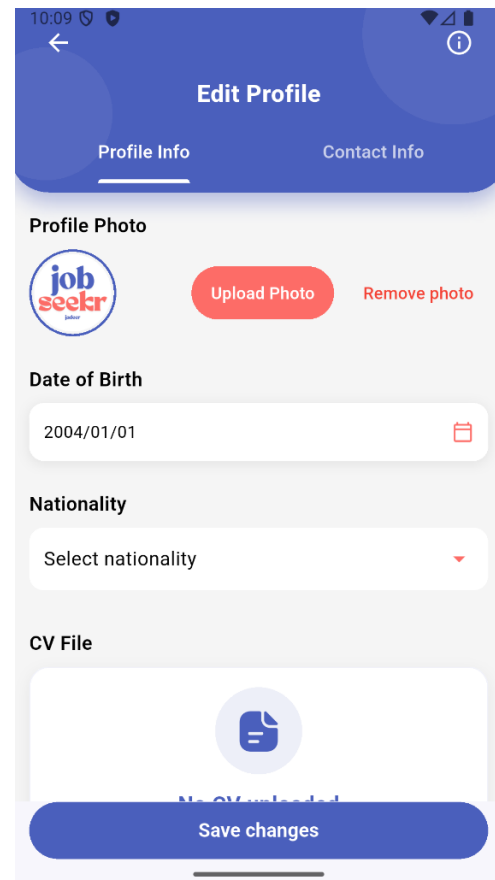

Figure 30: Updated Date of Birth Field

4.1.1.3 Updating Nationality

To update the nationality, the job seeker selects the Nationality field. Jadeer displays a list of countries, and the user can scroll through the list or use the search bar to find a specific nationality or search for it.

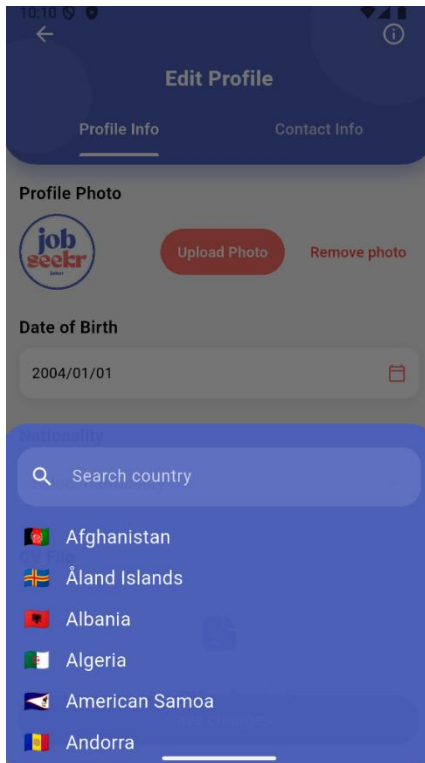

Figure 34: Selecting Nationality

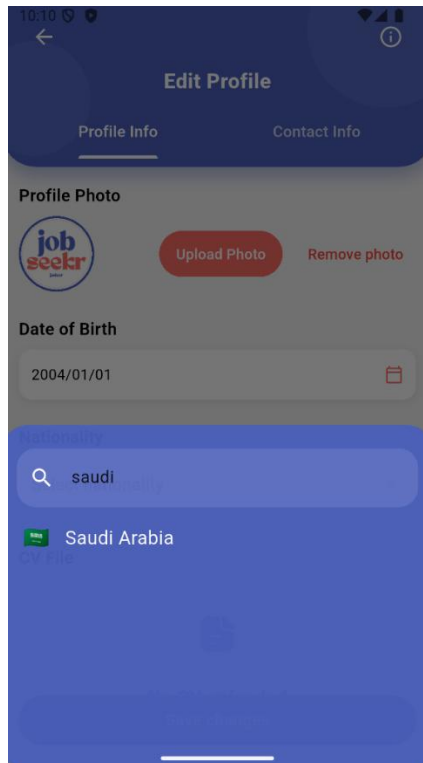

Figure 33: Searching for a Nationality

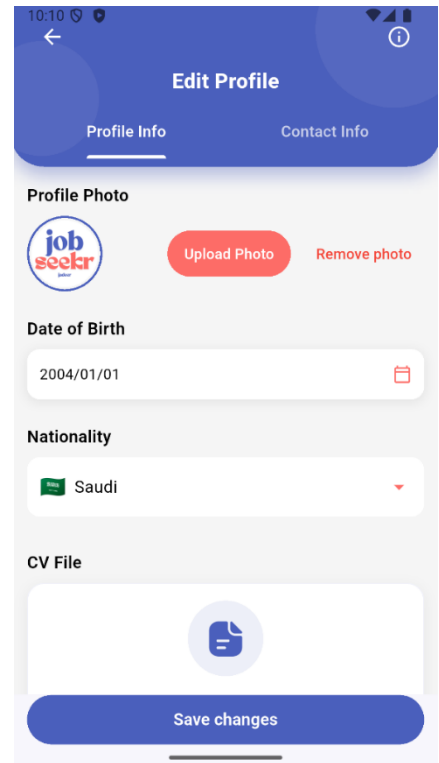

Figure 32: Updated Nationality Field

4.1.1.4 Uploading CV File

To upload a CV, the job seeker selects the Upload CV button in the CV File section. After choosing a file, the CV is uploaded and displayed in the profile. Once uploaded, the user can view the CV, replace it with another file, or remove it if needed. Uploading a CV helps Jadeer provide job recommendations.

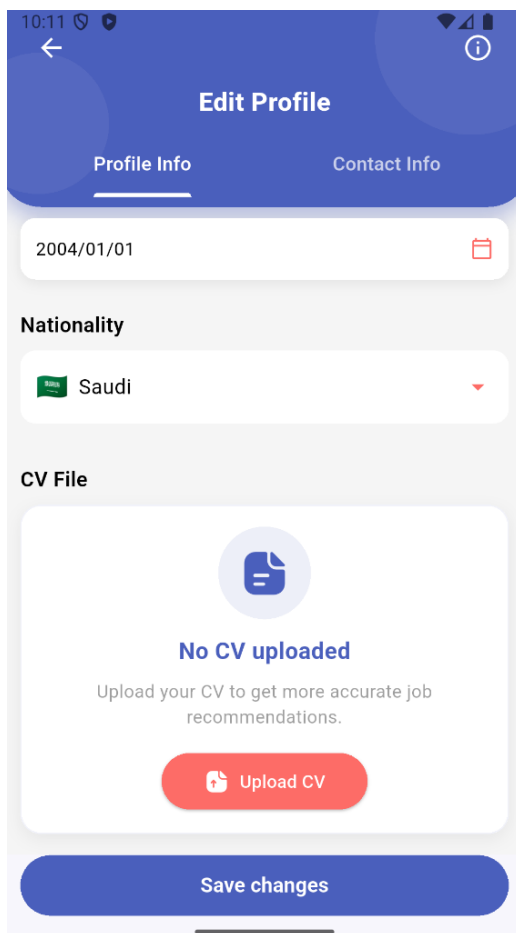

Figure 36: Upload CV Section

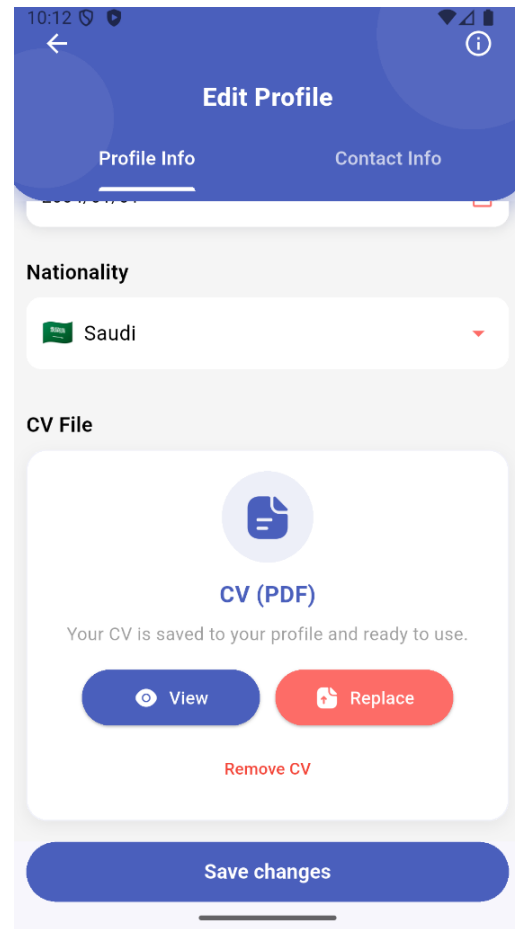

Figure 35: Uploaded CV File

After selecting Save Changes, Jadeer redirects the job seeker back to the Profile page. The updated profile information, such as profile photo, nationality, date of birth, and CV upload status, is displayed on the profile card. However, the profile is not considered complete yet because the Contact Information section has not been filled in. The job seeker must complete the contact information to finish setting up their profile.

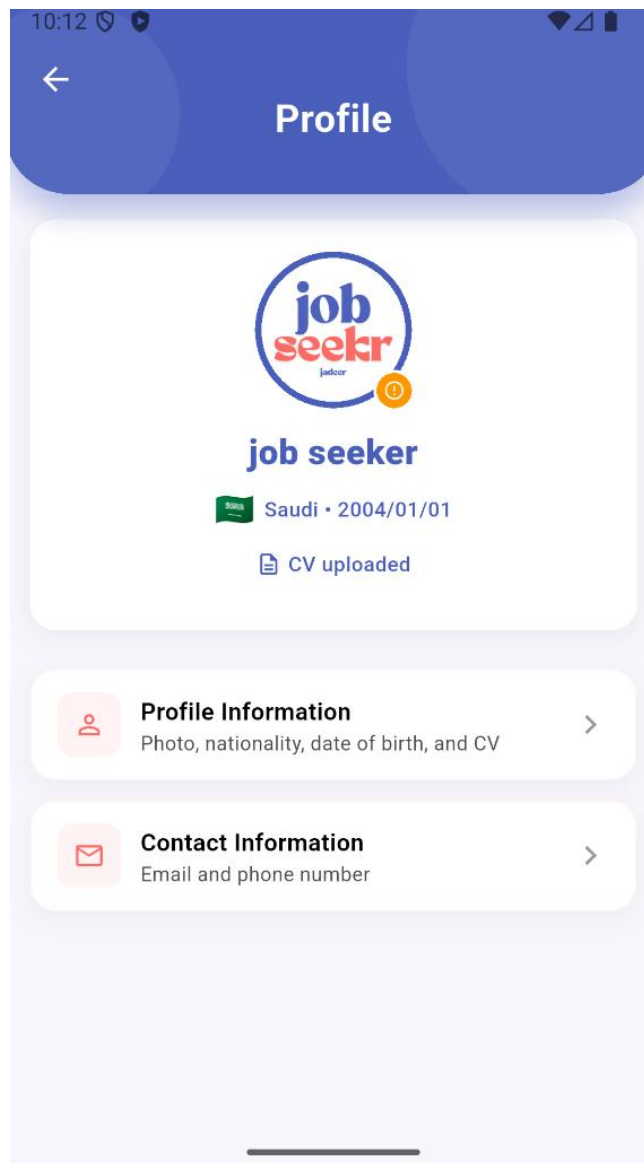

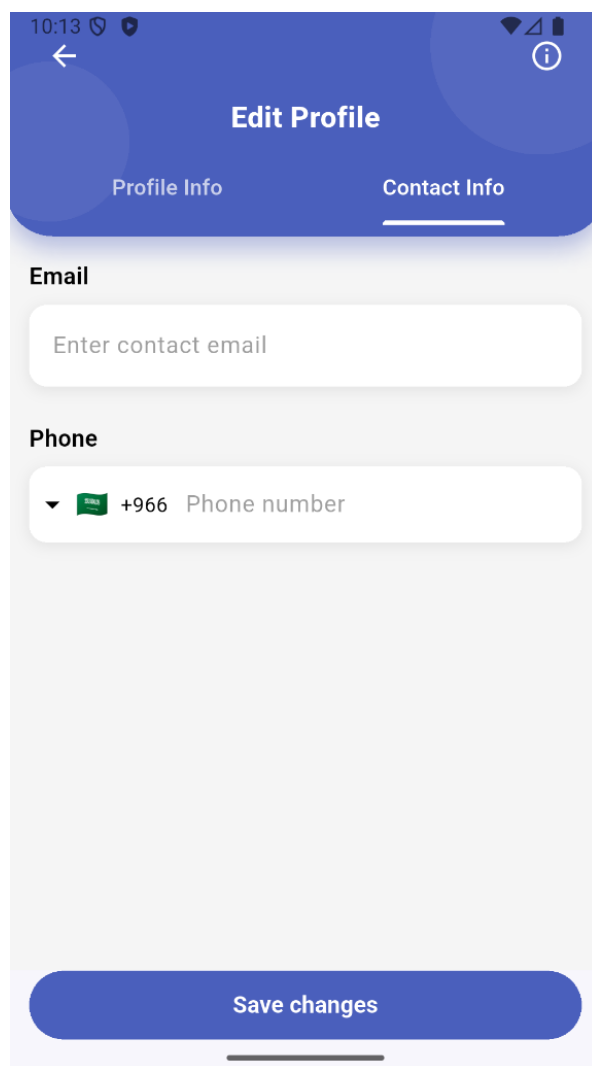

Figure 37: Updated Profile Information

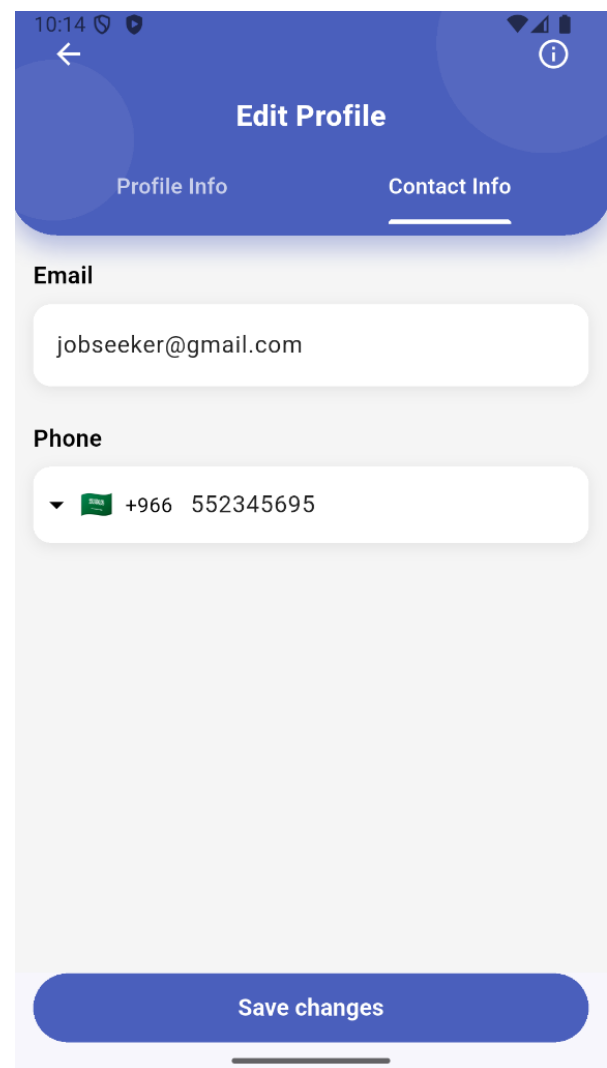

4.1.2 Updating Contact Information

To update contact information, the job seeker selects the Contact Info tab on the Edit Profile page. In this section, the user can enter a contact email and phone number. After entering the required contact details, the user selects Save Changes to update the profile.

The screenshot shows the 'Edit Profile' screen with the 'Contact Info' tab selected. The 'Email' field is empty with the placeholder text 'Enter contact email'. The 'Phone' field is empty with a dropdown menu showing '+966' and the placeholder text 'Phone number'. A 'Save changes' button is at the bottom.

Figure 39: Contact Information Form

The screenshot shows the 'Edit Profile' screen with the 'Contact Info' tab selected. The 'Email' field is filled with 'jobseeker@gmail.com'. The 'Phone' field is filled with a dropdown menu showing '+966' and the phone number '552345695'. A 'Save changes' button is at the bottom.

Figure 38: Completed Contact Information Fields

After saving the contact information, Jadeer redirects the job seeker back to the Profile page. The profile card now displays the updated contact email and phone number. A green check mark appears on the profile photo, indicating that the job seeker profile has been completed successfully.

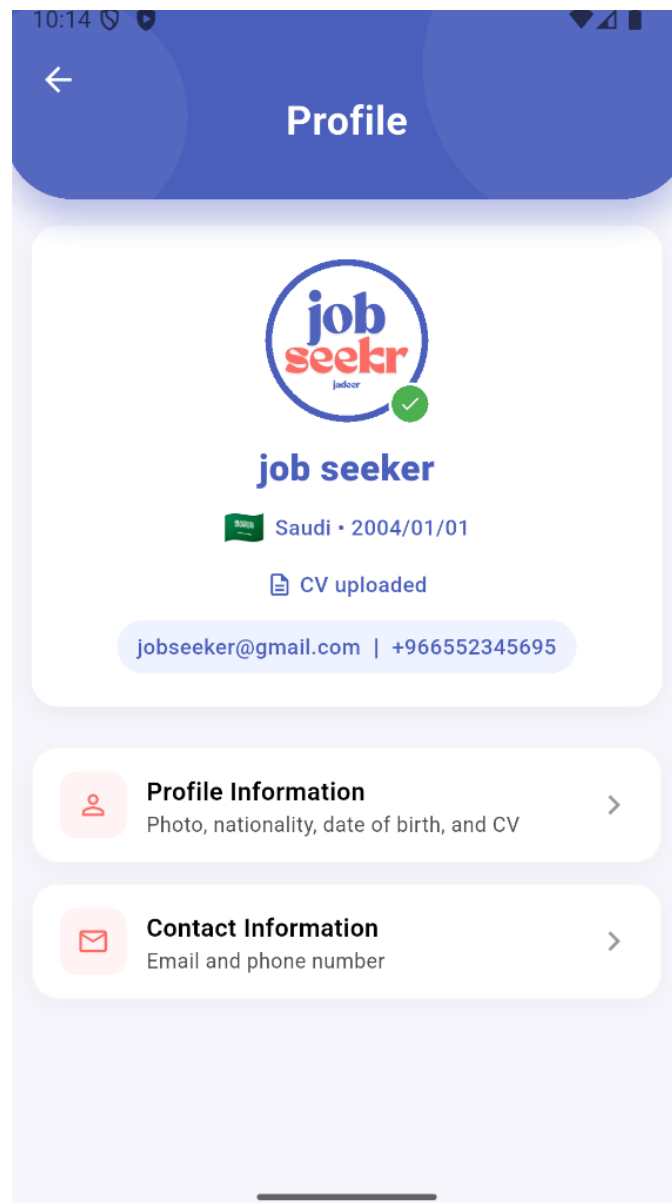

Figure 40: Completed Job Seeker Profile

4.2 Notifications

Job seeker can access notifications through clicking on the bell icon in Home Page, The Notifications page allows the job seeker to view updates related to their job applications status such as **Pending**, **Shortlisted**, or **Rejected**.

The job seeker can also select **Clear All** to remove all notifications from the page. After clearing notifications, Jadeer displays a confirmation message.

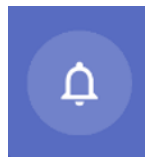

Figure 41: notification Button

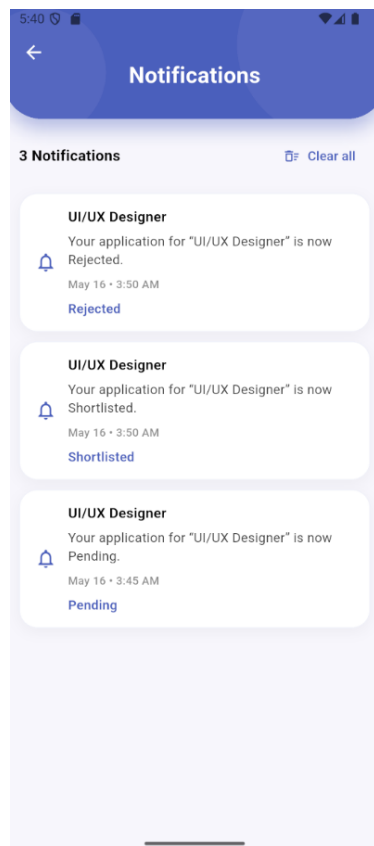

Figure 42: Notifications Page

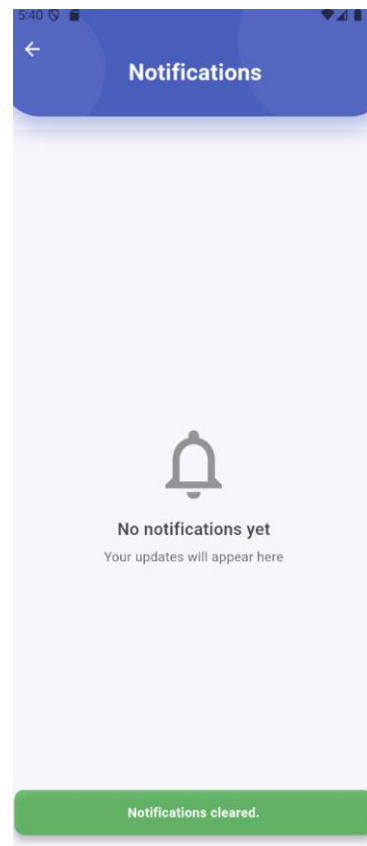

Figure 43: Notifications Cleared Message

4.3 Settings

The job seeker can access the Settings page by selecting the Settings icon on the Home Page. The Settings page allows the user to manage account-related options, including appearance mode, notification preferences, password changes, account details, app information, logout, and account deletion.

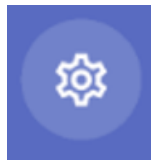

Figure 44: Settings from the Home Page

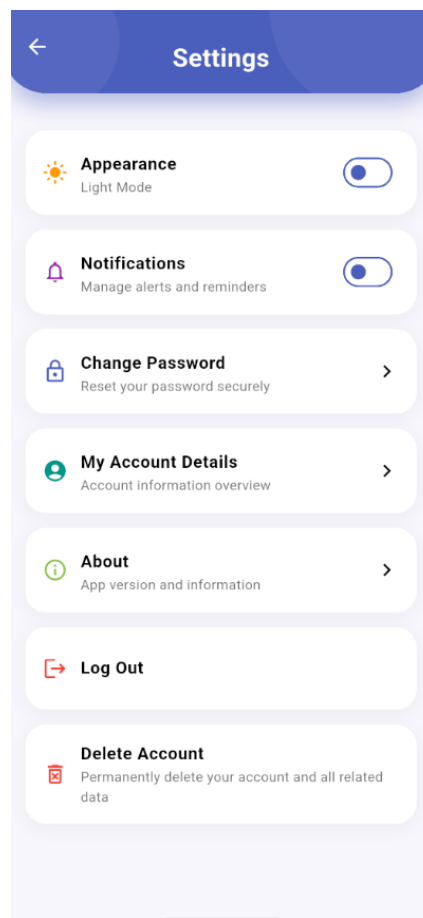

Figure 45: Settings Page

4.3.1 Managing Appearance

In the Settings page, the job seeker can manage the app appearance. The Appearance option allows the user to switch between light mode and dark mode.

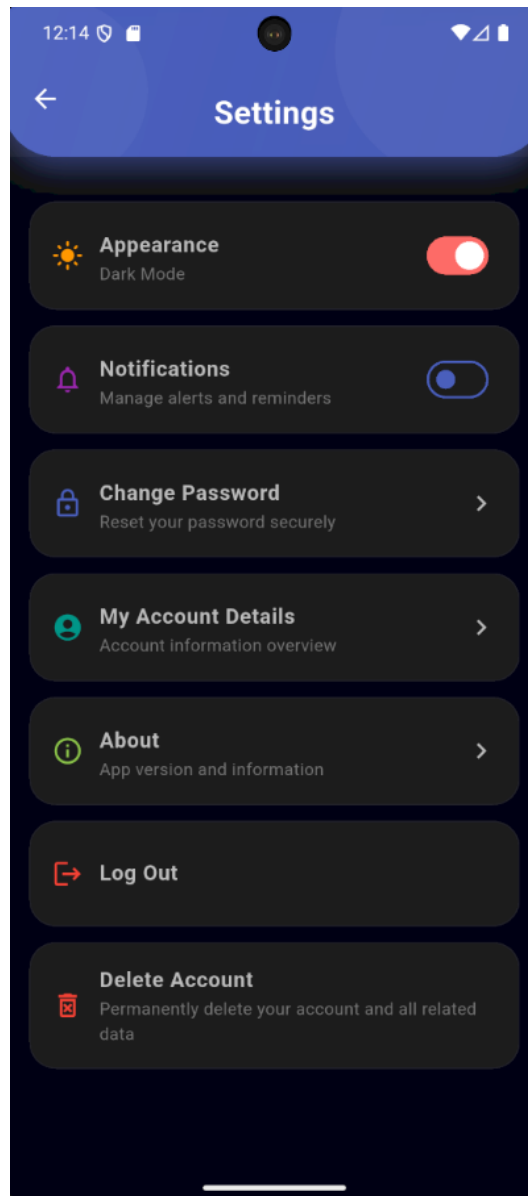

Figure 46: Dark Mode Enabled

4.3.2 Notifications

The Notifications option allows the user to enable or disable alerts and reminders. After permission is granted, Jadeer displays a confirmation message indicating that notifications have been enabled.

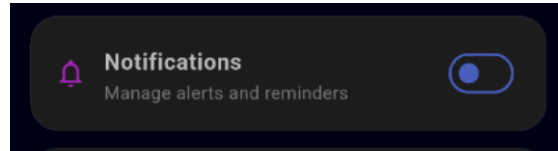

Figure 48: Notification Toggle

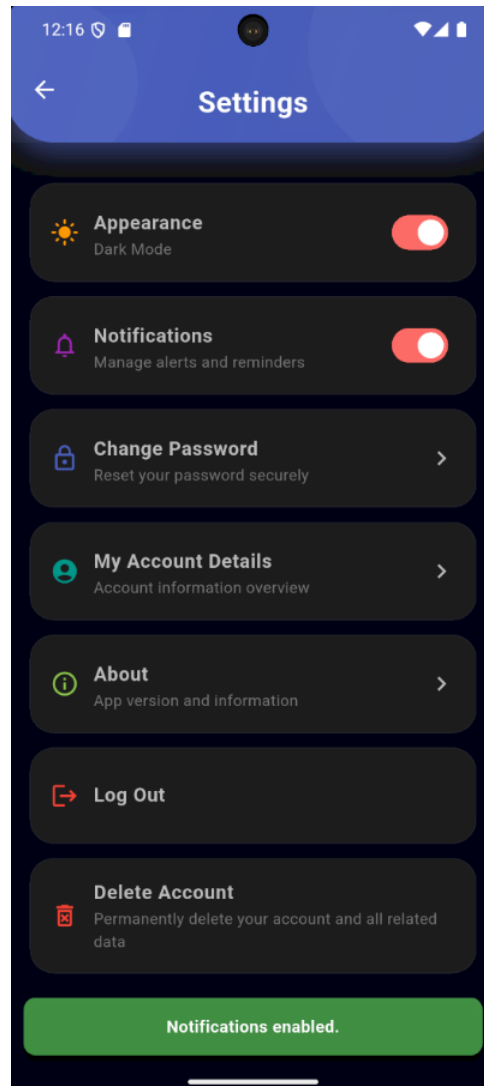

Figure 47: Notifications Enabled

4.3.3 Changing Password

Job seekers can change their account password through the “Change Password” option in the Settings page. To change the password, the user must:

- Enter the current password.
- Create a new password that meets the password requirements.
- Re-enter the new password for confirmation.

Once the password is updated successfully, a confirmation message will appear.

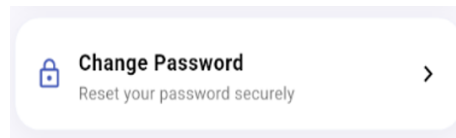

Figure 51: Change Password from Settings

 A screenshot of the "Change Password" form in the app. It includes fields for "Current Password", "New Password", and "Confirm New Password". Below the "New Password" field, there are radio button options for password requirements: "At least 8 characters", "One uppercase letter (A-Z)", "One lowercase letter (a-z)", "One number (0-9)", and "One special character (!@#\$%...)". A "Change Password" button is at the bottom.

Figure 49: Change Password Page

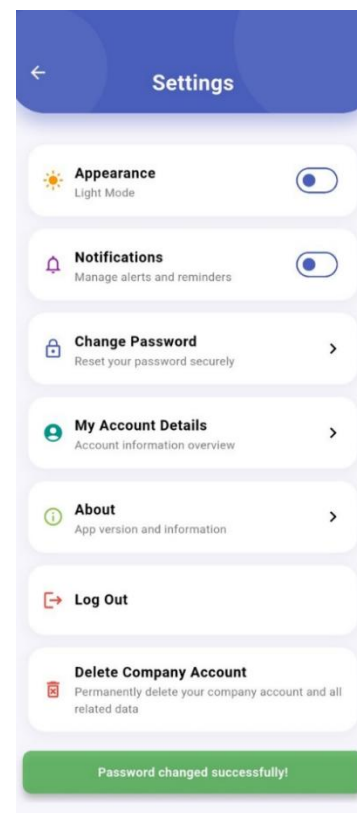

Figure 50: Successful Password Change

4.3.4 Managing Account Details

To view account details, the job seeker selects My Account Details from the Settings page.

The registered email cannot be changed. However, the job seeker can edit their full name by selecting the edit icon. The updated name must follow the same name requirements used during account creation, including at least two words and letters only. After saving the changes, Jadeer displays a confirmation message indicating that the name has been updated successfully.

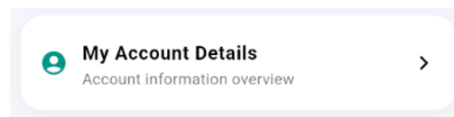

Figure 52: my Account details

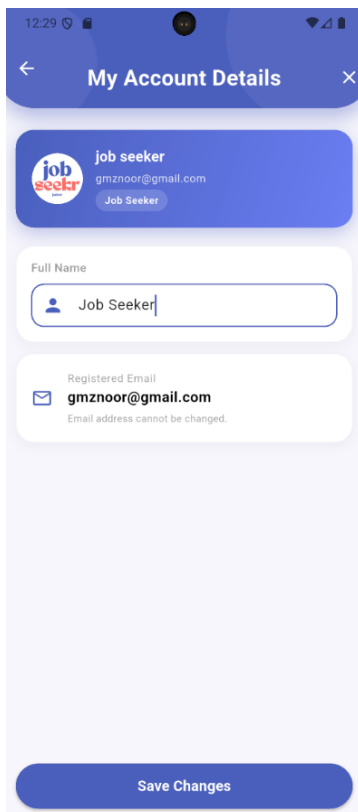

Figure 54: Editing Full Name

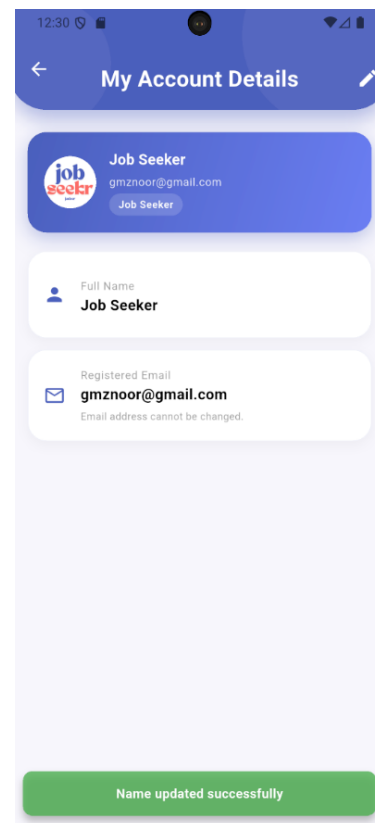

Figure 53: Updated Account Name

4.3.5 About Jadeer

Job seekers can access the “About” page to view general information about the Jadeer application. The page displays the application version, a brief description of the system, development information, and contact details for inquiries or feedback.

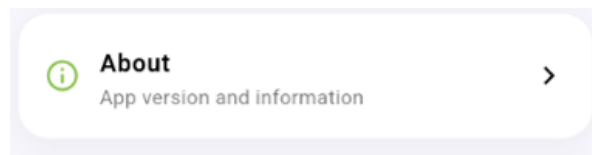

Figure 55: about button

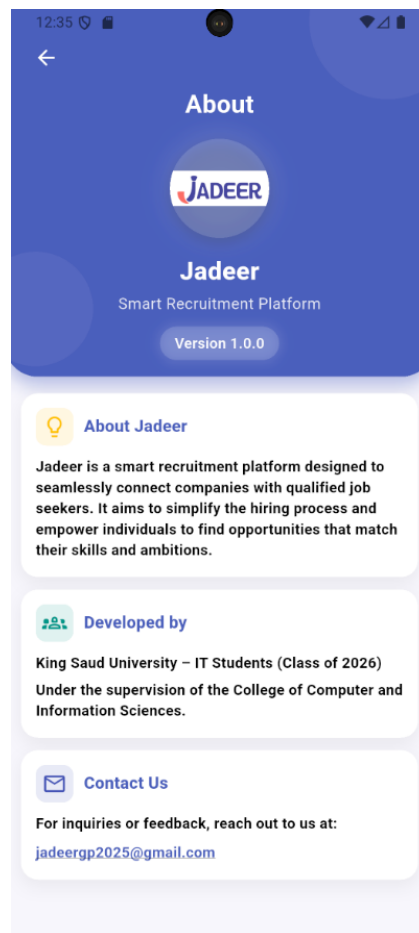

Figure 56: About Jadeer Page

4.3.6 Deleting Account

Job seekers can permanently delete their accounts through the “Delete Account” option in the Settings page. The system displays confirmation and warning messages before permanently deleting the account and all related data.

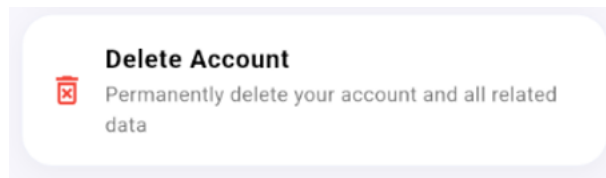

Figure 57:delete account

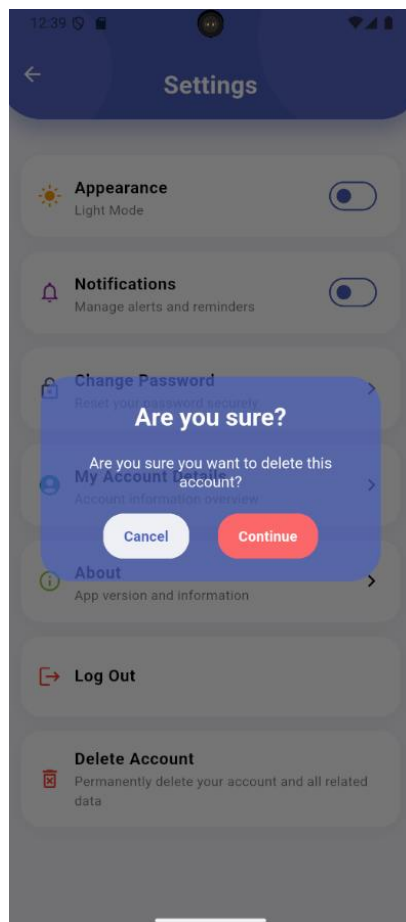

Figure 58: Delete Account Warning

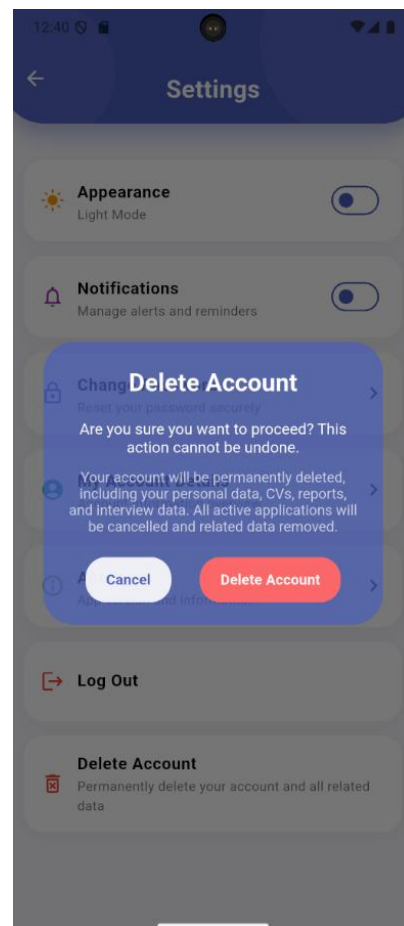

Figure 59: Delete Account Confirmation

4.3.7 Logging Out

Job seekers can log out from their accounts through the “Log Out” option in the Settings page. A confirmation message will appear before completing the logout process.

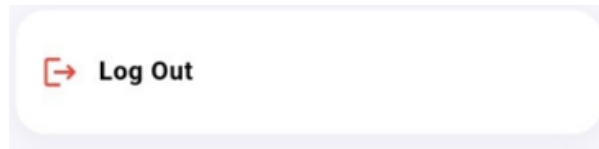

Figure 60: Log out button

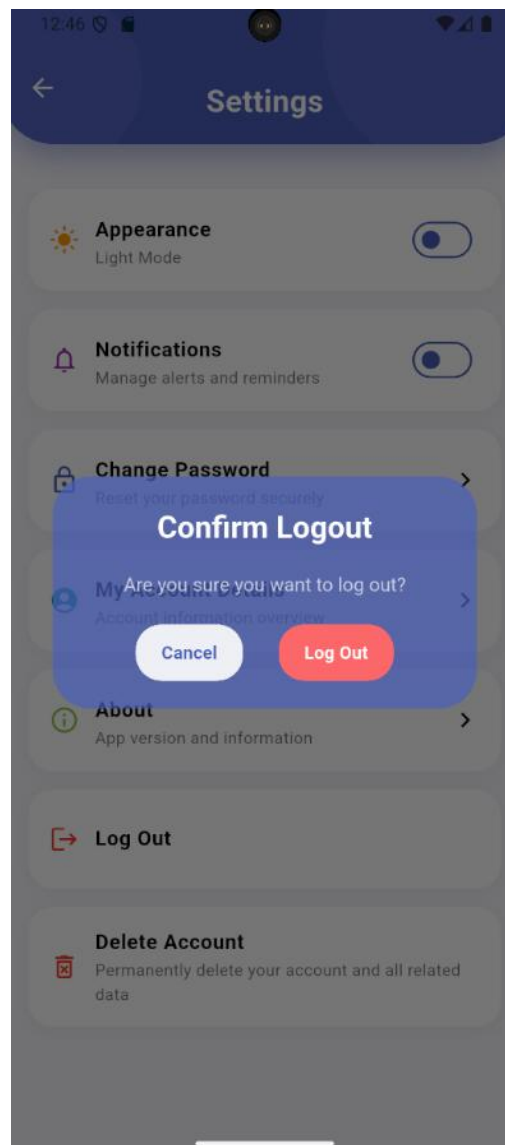

Figure 61: Confirm Logout Message

5 Mock Interviews

The job seeker can access the Mock Interviews feature from the Home Page. Jadeer then directs the user to the Choose Your Specialty page. The page displays the number of mock interview credits remaining for the day, a search bar for finding a specialty, and specialty categories.

To continue, the job seeker selects a specialty category and then chooses a specific field, the Continue button becomes available, allowing the user to proceed to the mock interview setup.

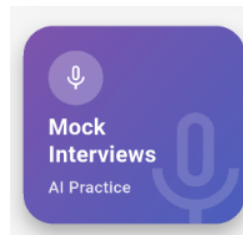

Figure 62: Mock Interviews button

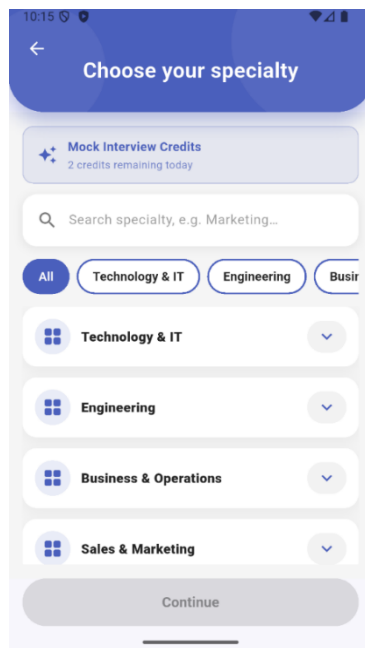

Figure 64: Choose Specialty Page

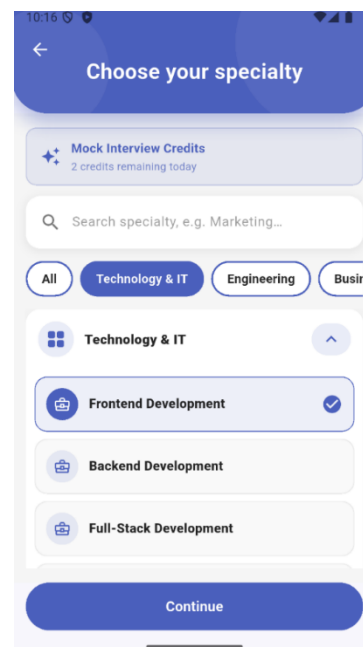

Figure 63: filtering specialty

5.1 Granting Camera and Microphone Access

After selecting a specialty and clicking Continue, Jadeer asks for permission to access the camera and microphone. This permission is required because the mock interview records the user's answers for evaluation. The recordings are only used to generate the interview report.

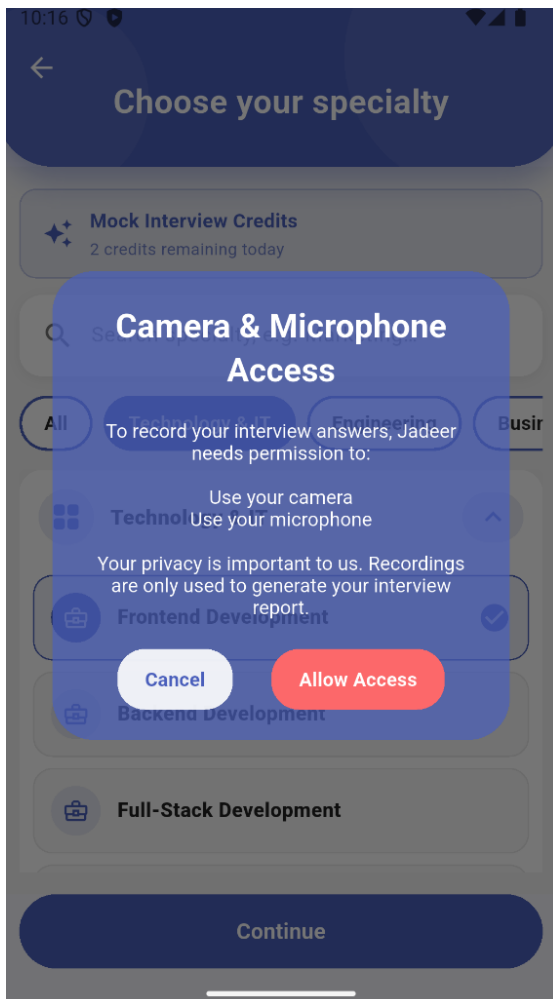

Figure 65: Access Request

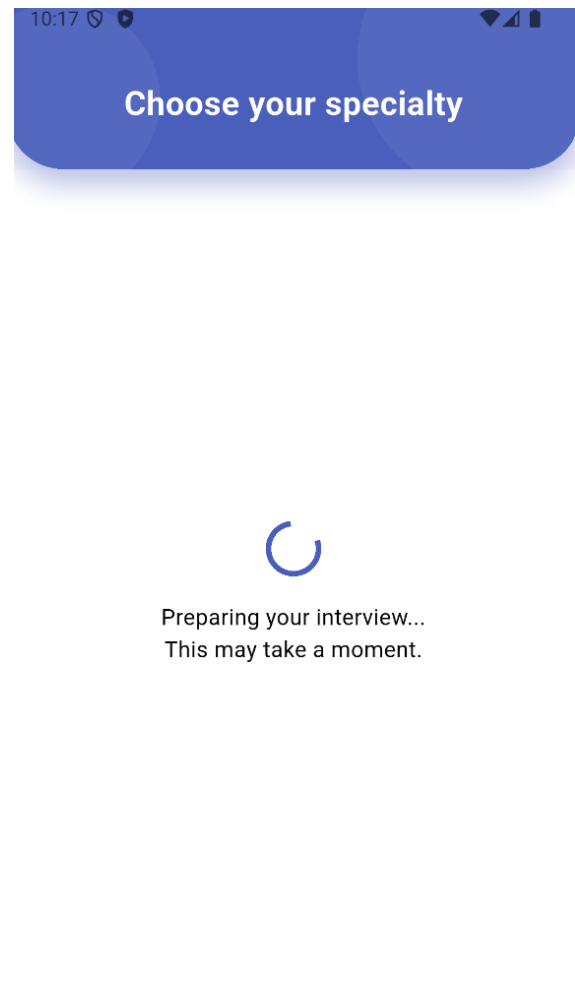

Figure 66: Preparing the Mock Interview

5.2 Answering Mock Interview Questions

During the mock interview, Jadeer displays one question at a time. The question number is shown at the top of the question card, allowing the job seeker to track their progress. The user can listen to the question using the audio icon, then tap the microphone button to record their answer. The user can't record their answers unless their face is detected by the camera.

While the answer is being recorded, Jadeer displays a recording status and timer. After the recording is completed, the answer is uploaded. Once the answer has been uploaded successfully, the Next button becomes available, allowing the job seeker to move to the next question.

Figure 67: Mock Interview Question Page

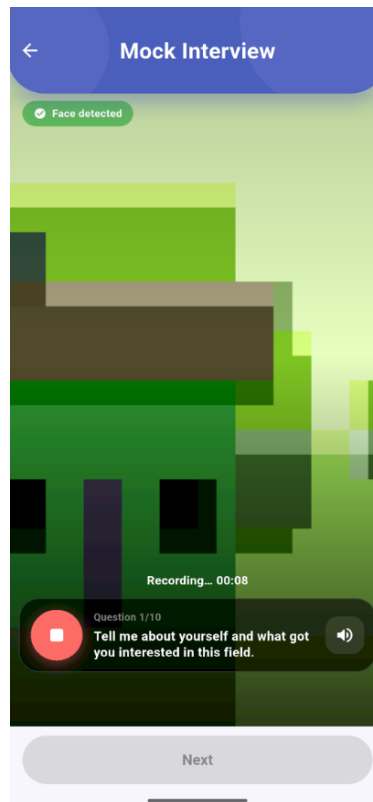

Figure 68: Recording an Answer

Figure 69: Answer Uploaded Successfully

5.3 Replacing an Answer or Exiting the Interview

The user has 3 attempts total to replace a recording during mock interviews

Replace a recording: Tap the microphone button again → Select **Replace** → Record a new answer.

To exit the interview: Tap the back arrow → Select **Exit** → The interview attempt ends and cannot be continued.

Exiting mid interview counts as an attempt, deducting one attempt from the jobseeker's two daily attempts.

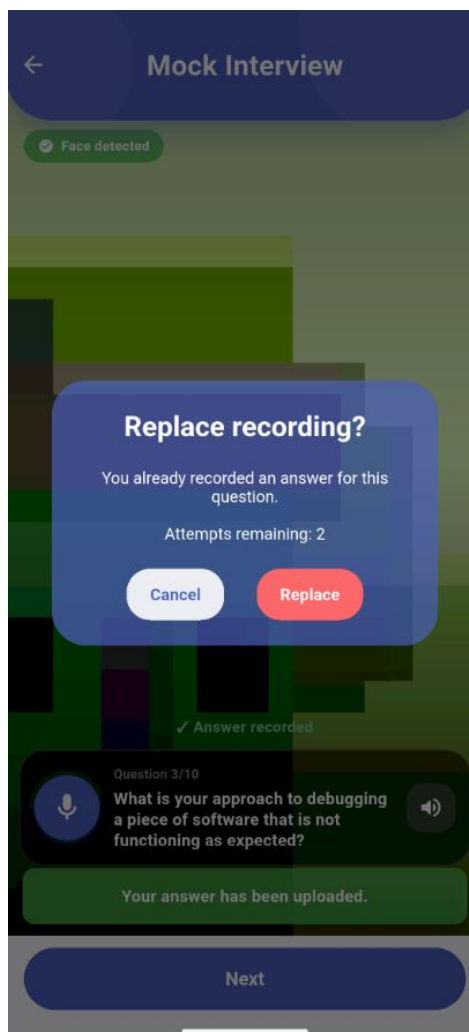

Figure 71: Replace Recording

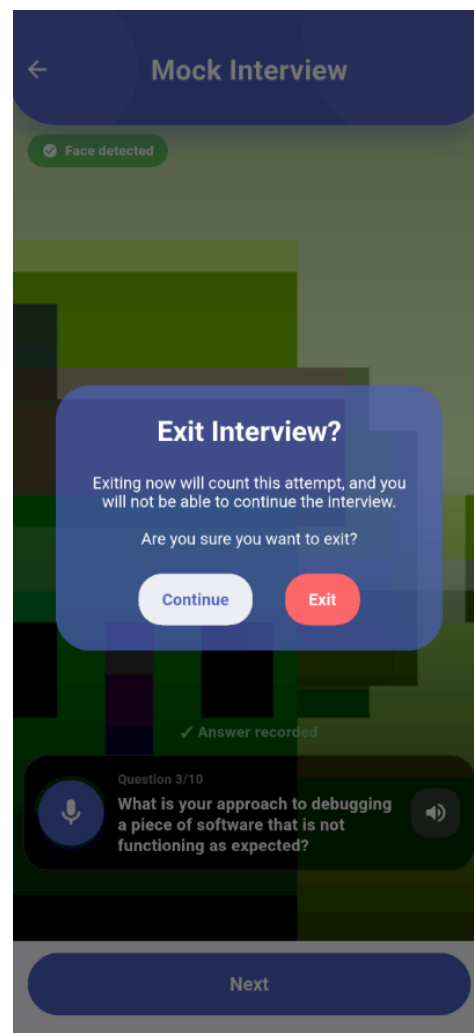

Figure 70: Exit Interview

5.4 Finishing the Mock Interview

After Answering all questions → Tap **Finish** → Wait while Jadeer generates the report.

Figure 72: Final Mock Interview Question

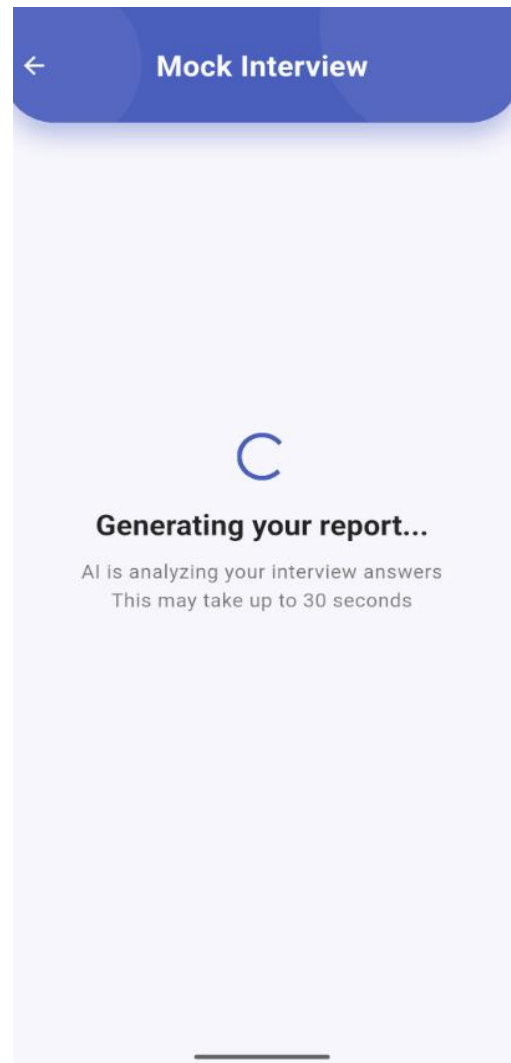

Figure 73: Mock Interview Report

5.5 Mock Interview Report

After the mock interview report is generated, Jadeer displays the Interview Report page. This page shows the interview specialty, report date, overall performance score, rating level, and a summary of the user's interview performance.

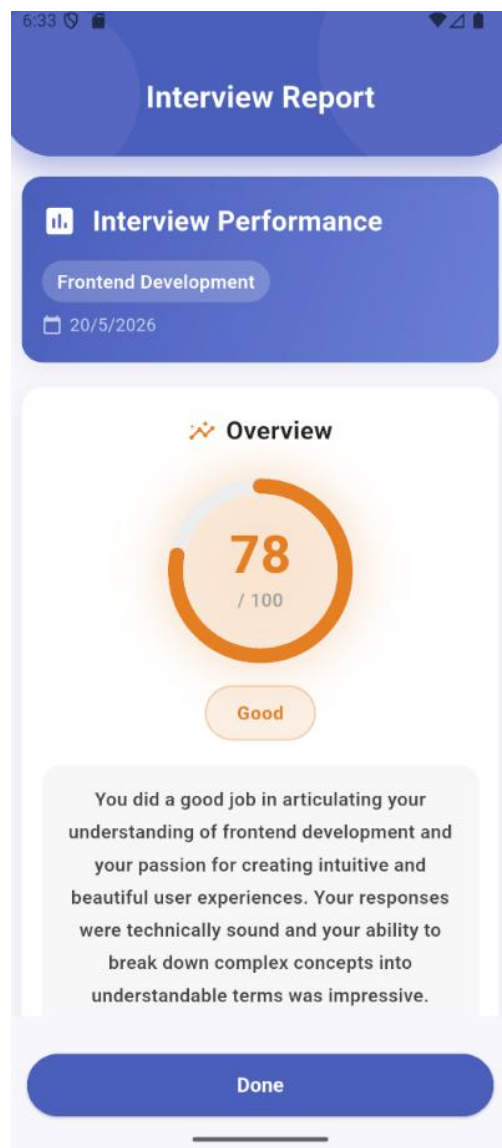

Figure 74: Report Overview

To view detailed feedback:

Tap **Strengths** → Review positive performance points.

Tap **Improve** → Review areas that need improvement.

Tap **Tips** → Read preparation suggestions.

Tap **Voice** → View voice confidence score.

6 CV Enhancement

Tap **CV Enhancement** from the Home Page → Click **Upload CV** → Select a supported CV file → Wait for the upload to complete → Tap **Next**.

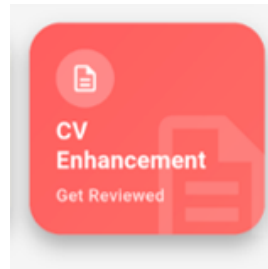

Figure 79: CV enhancement button

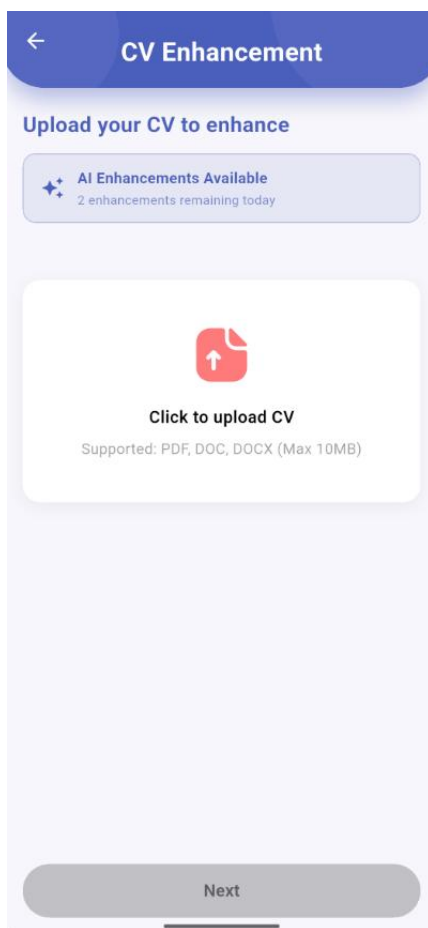

Figure 80: CV Enhancement Upload Page

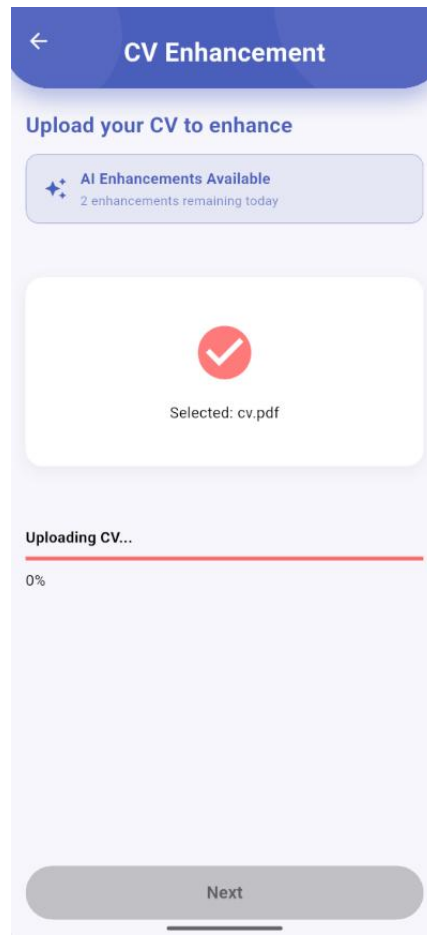

Figure 81: Uploading CV File

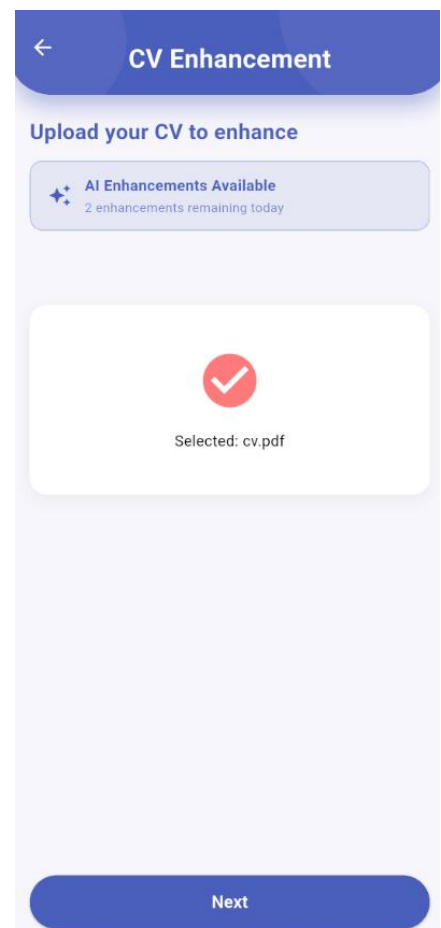

Figure 82: Uploaded Successfully

6.1 Job Preference for CV Enhancement

After uploading the CV, Jadeer asks whether the job seeker wants to enhance the CV for a specific job. The user can choose one of the following options:

- **Select a job from Jadeer:**
 - a. Choose an available job posting from All Jadeer Jobs.
 - b. or tap Show Favorite to view saved jobs.
- **Apply for another job:** Enter the job title and job description manually.
- **I don't want to specify a job:** Continue without selecting or entering job details

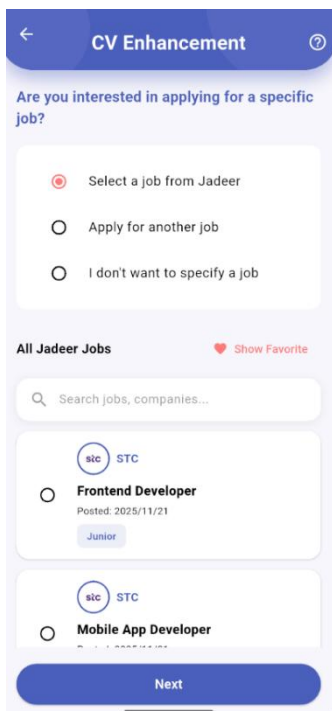

Figure 85: Selecting a Job from Jadeer

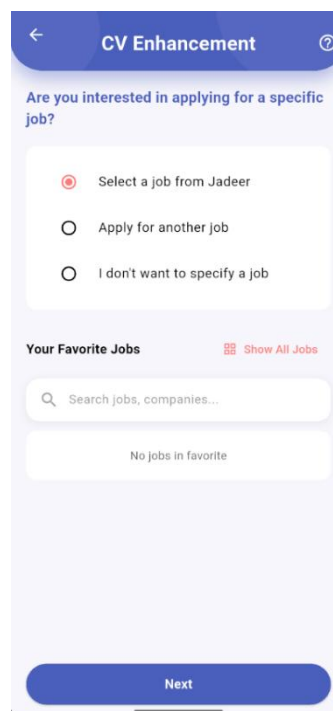

Figure 86: Viewing Favorite Jobs

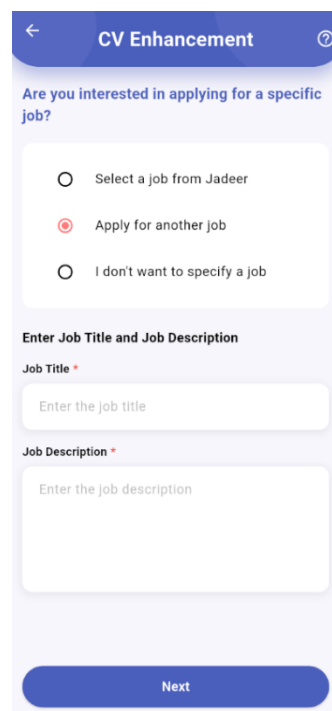

Figure 84: Another Job

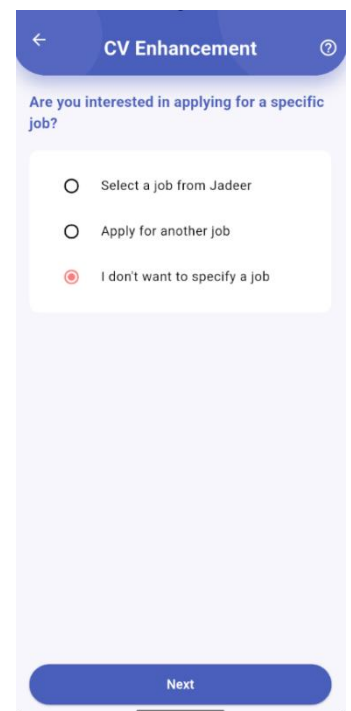

Figure 83: Not Specifying a Job

6.2 Completing Missing CV Information

After jobseeker selects job preference they are then directed to the Complete Your CV page, which walks them through all seven CV sections: Personal Information, Summary, Work Experience, Education, Skills, Certifications, and Languages. Sections missing from your CV are shown first and marked Missing in red these are recommended to fill in for best results. Sections already present in your CV are shown afterward, marked Optional in blue, allowing you to add any extra details you'd like included in the enhanced version.

You may fill in, skip, or skip all sections at any time.

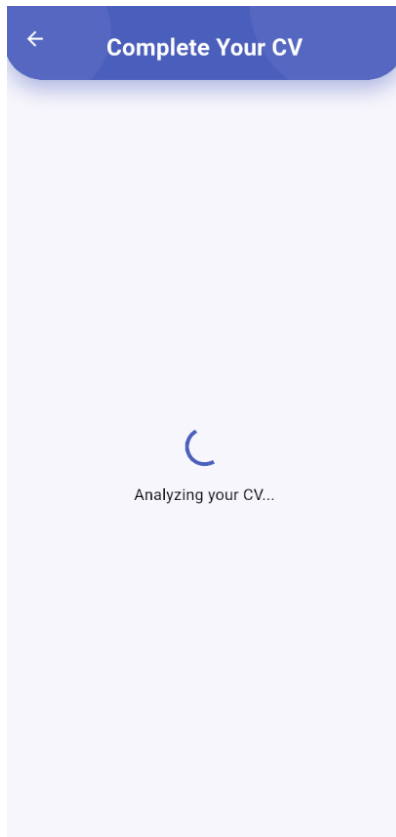

Figure 87: Analyzing the Uploaded CV

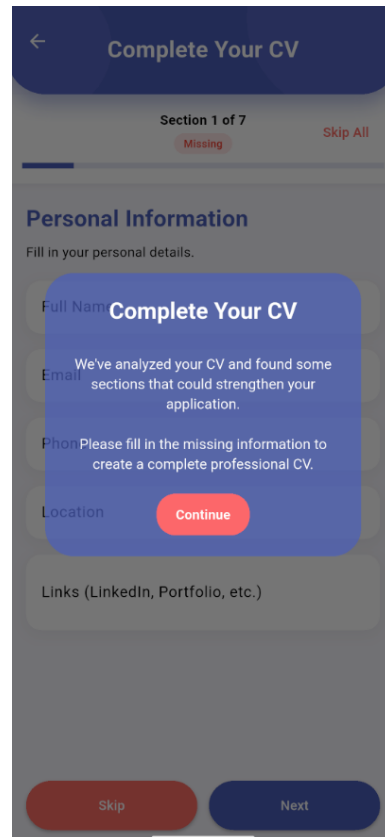

Figure 88: Complete Your CV Prompt

6.3 Personal Information section

The Personal Information section is the first step in completing the CV if it was detected as missing from the CV. This section includes the following information:

1. **name**
2. **email**
3. **phone number**
4. **location**
5. **links; such as LinkedIn or portfolio.**

After filling in the information, the user selects Next to continue to the next section.

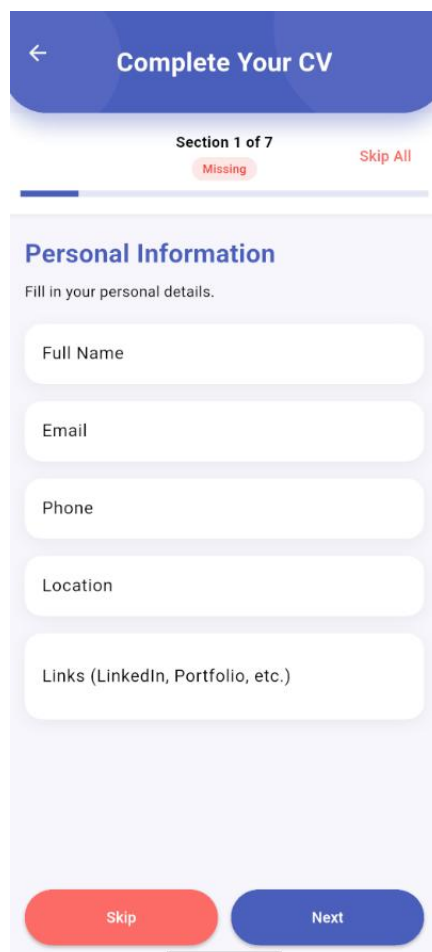

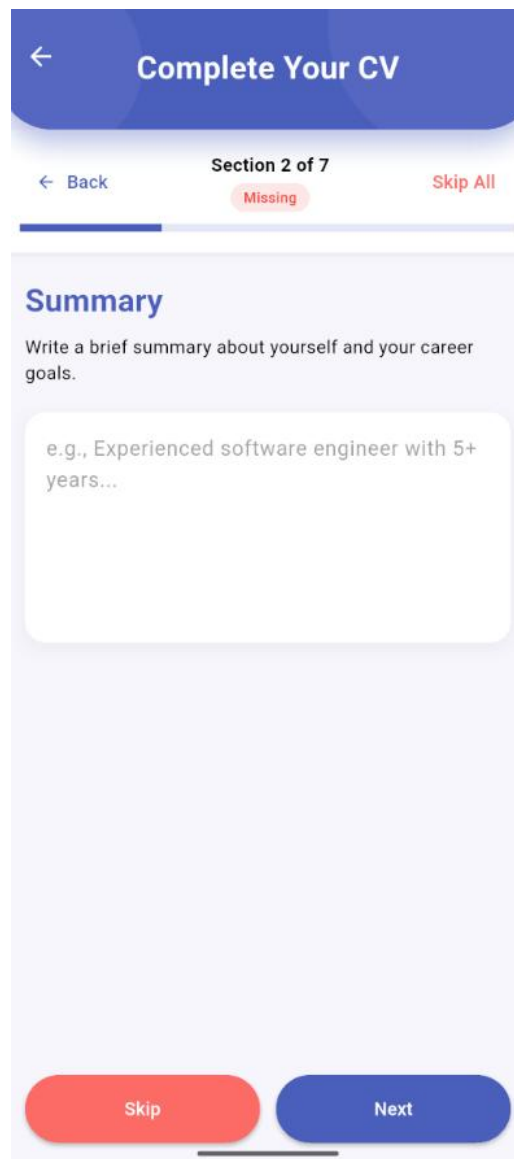

Figure 89: Personal Information Section

6.4 Summary section

The Summary section is the second step in completing the CV. In this section, the job seeker can write a brief professional summary about themselves, their experience, and their career goals. giving companies more context about the user's background.

The screenshot shows a mobile app interface for completing a CV. At the top, a blue header bar contains a back arrow and the text "Complete Your CV". Below this, a progress bar indicates "Section 2 of 7". To the left of the progress bar is a "Back" button, and to the right is a "Skip All" button. A red "Missing" label is positioned below the progress bar. The main content area is titled "Summary" and includes the instruction "Write a brief summary about yourself and your career goals." Below this instruction is a large text input field with a placeholder example: "e.g., Experienced software engineer with 5+ years...". At the bottom of the screen, there are two buttons: a red "Skip" button and a blue "Next" button.

Figure 90: Summary Section

6.5 Work Experience Section

The Work Experience section is the third step in completing the CV. This section includes the following information:

- **job title**
- **company**
- **years**
- **Description**

The user can also add more than one work experience entry by selecting the **plus icon**. If needed, an added entry can be removed using the **delete icon**.

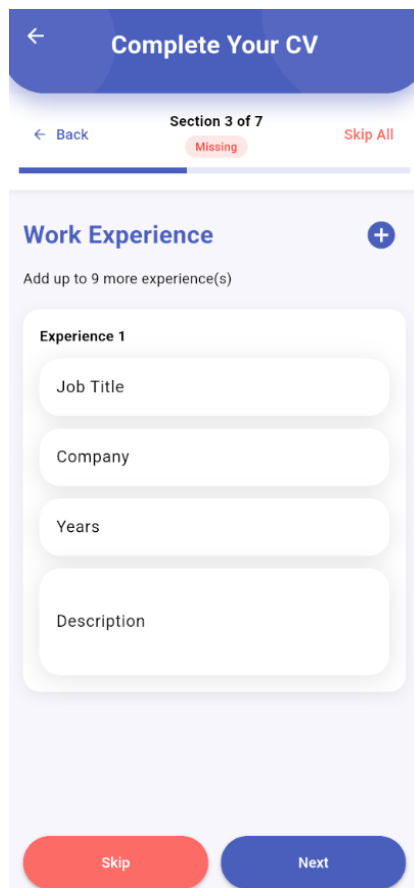

Figure 100: Work Experience Section

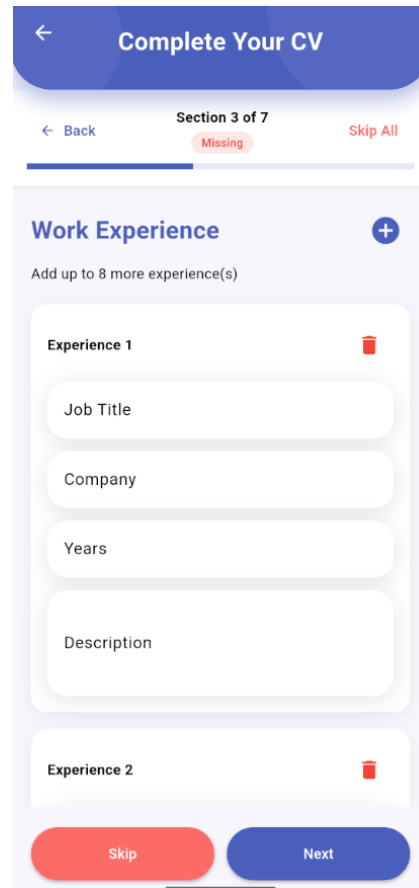

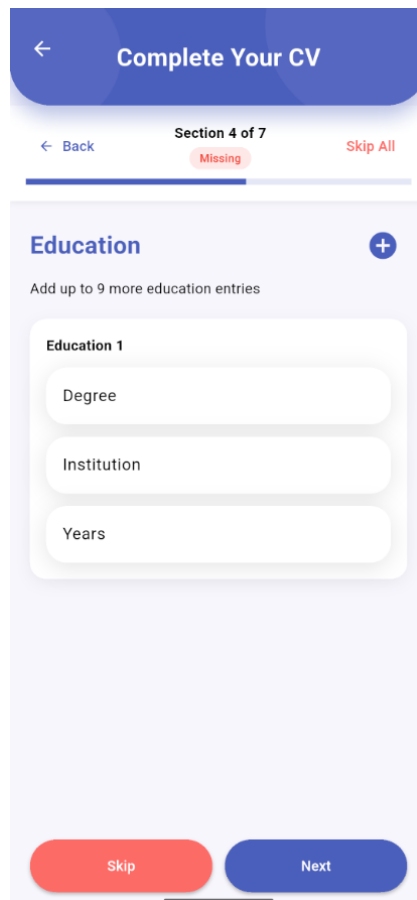

Figure 91: Multiple Entries

6.6 Education section

The Education section is the fourth step in completing the CV. This section includes the following information:

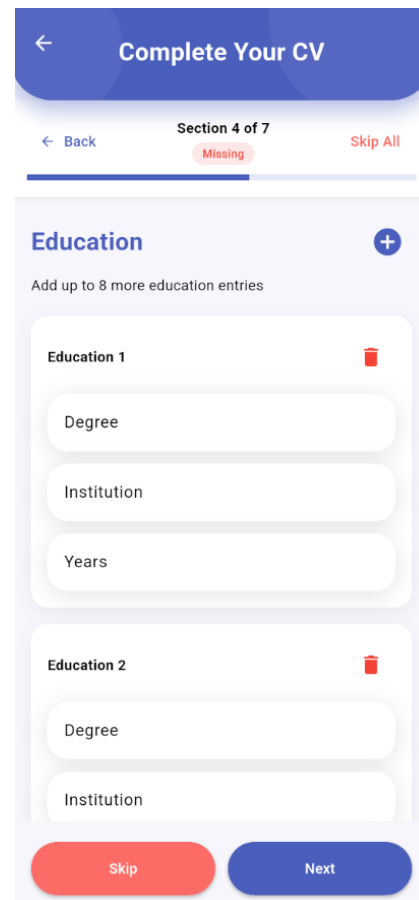

- **degree**
- **institution**
- **years**

The user can also add more than one education entry by selecting the **plus icon**.

The screenshot shows the 'Complete Your CV' screen, Section 4 of 7. The 'Education' section is active, with a plus icon to add more entries. Below the header, it says 'Add up to 9 more education entries'. There is one education entry form labeled 'Education 1' with three input fields: 'Degree', 'Institution', and 'Years'. At the bottom, there are 'Skip' and 'Next' buttons.

Figure 109: Education Section

The screenshot shows the 'Complete Your CV' screen, Section 4 of 7. The 'Education' section is active, with a plus icon to add more entries. Below the header, it says 'Add up to 8 more education entries'. There are two education entry forms, 'Education 1' and 'Education 2', each with three input fields: 'Degree', 'Institution', and 'Years'. At the bottom, there are 'Skip' and 'Next' buttons.

Figure 118: Multiple Education Section

6.7 Skills section

The Skills section is the fifth step in completing the CV. In this section, the user can add skills in two ways:

- **enter a skill manually**, the user types the skill name in the text field and selects the **plus icon**. The skill will then be added
- **select from the suggested skills**, only if the user selected a specific job for CV enhancement.

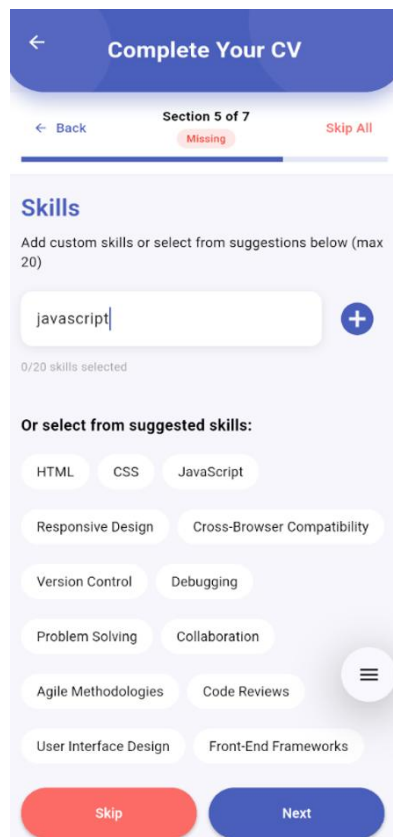

Figure 136: Adding a Skill Manually

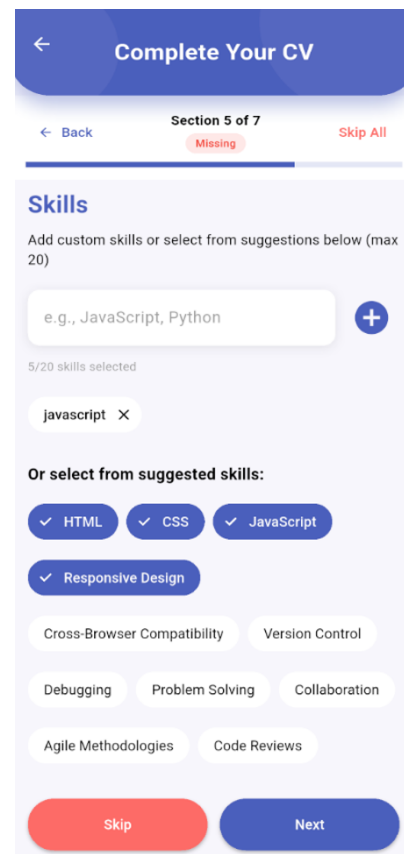

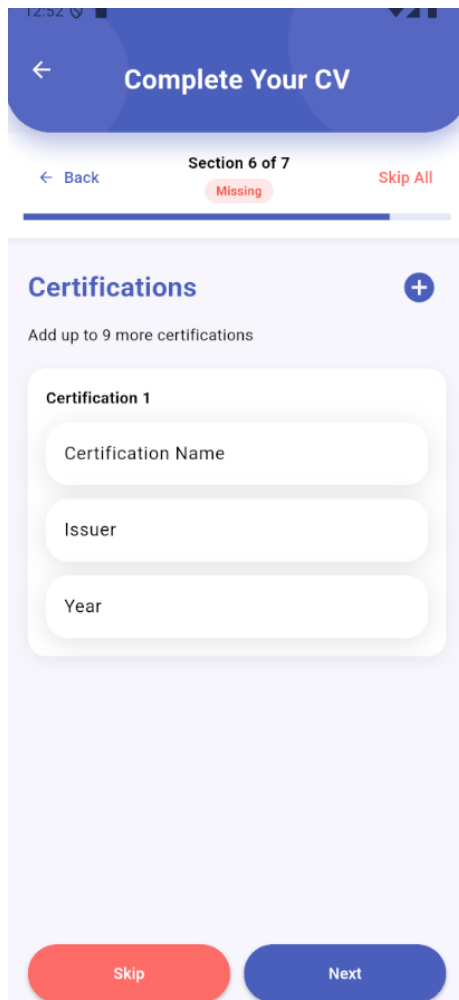

Figure 127: Suggested Skills

6.8 Certifications section

The Certifications section is the sixth step in completing the CV if it was detected as missing from the CV. This section includes the following information:

- **certification name**
- **issuer**
- **year**

The user can also add more than one certification by selecting the **plus icon**.

6.9 Languages section

The Languages section is the seventh and final step in completing the. This section includes the following information:

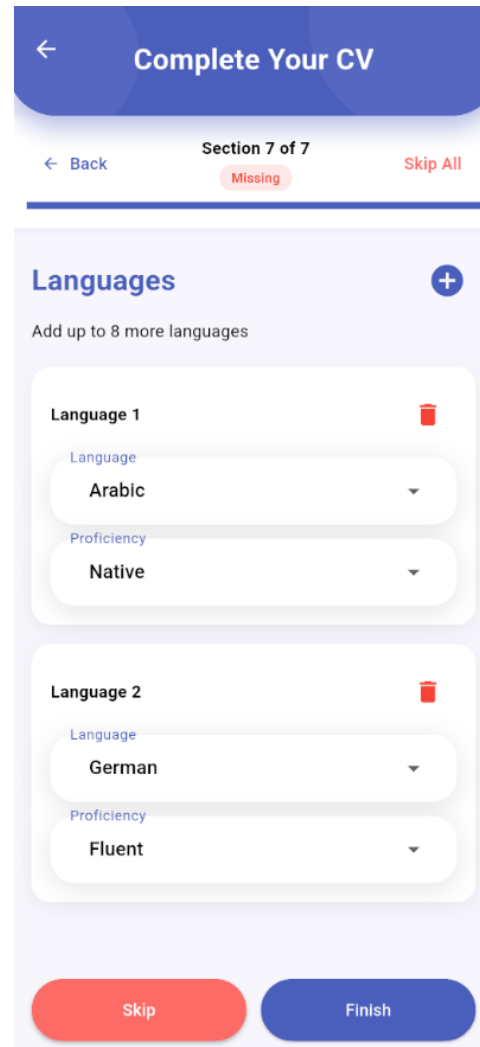

- **language**
- **proficiency level**

The user can add more than one language by selecting the plus icon. If needed, an added language entry can be removed using the delete icon.

The screenshot shows the 'Complete Your CV' app interface. At the top, there's a blue header with a back arrow and the text 'Complete Your CV'. Below the header, it says 'Section 7 of 7' with a 'Missing' status indicator and a 'Skip All' button. The main section is titled 'Languages' with a plus icon to add more. It says 'Add up to 9 more languages'. There is one language entry: 'Language 1' with a dropdown menu set to 'Arabic' and a proficiency dropdown set to 'Native'. At the bottom, there are two buttons: 'Skip' (red) and 'Finish' (blue).

Figure 163: Languages section

It says 'Add up to 8 more languages'. There are two language entries: 'Language 1' with a dropdown menu set to 'Arabic' and a proficiency dropdown set to 'Native', and 'Language 2' with a dropdown menu set to 'German' and a proficiency dropdown set to 'Fluent'. Each entry has a red delete icon. At the bottom, there are two buttons: 'Skip' (red) and 'Finish' (blue).

Figure 172: multiple Languages section

6.10 Viewing the Enhanced CV Results

After completing or skipping the missing CV sections, Jadeer starts enhancing the uploaded CV. The system may take a moment to generate the enhanced version.

This page shows the enhanced CV file and a summary of what was improved.

The user can then:

- **View** the enhanced CV
- **Download** the enhanced CV

select **Done** to finish the process

7 Favorites

To save a job for later, tap the heart icon on the job card to favorite it. The user can tap the heart icon again to remove the job from favorites.

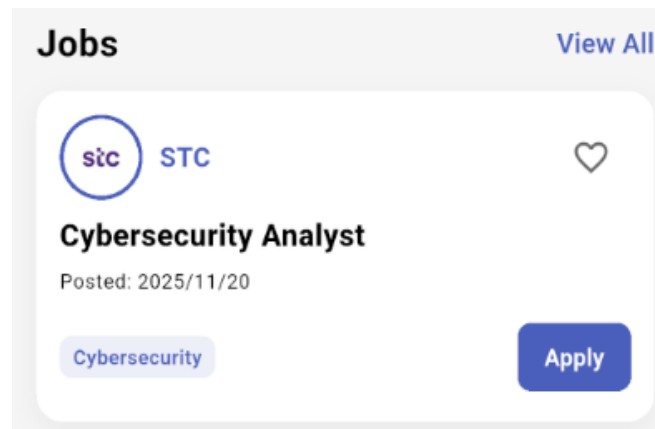

Figure 185:Job Card Before Favoriting

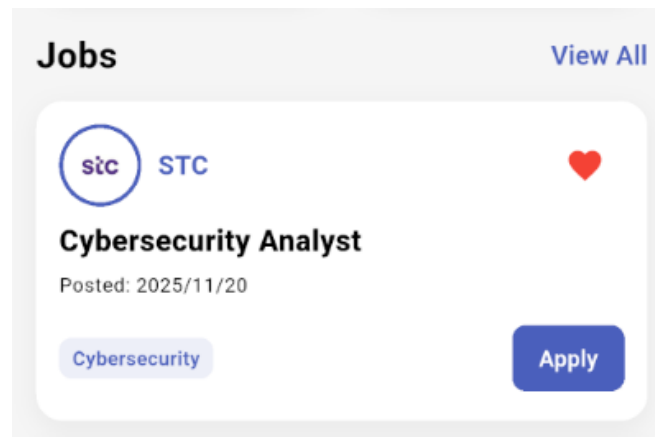

Figure 193:Favorited Job Card

7.1 Favorites page

The Favorites page displays the jobs that the job seeker has saved by selecting the heart icon on the job card. On this page, the user can view all favorited jobs in one place and quickly access them later.

The user can also tap the heart icon again to remove the job from favorites.

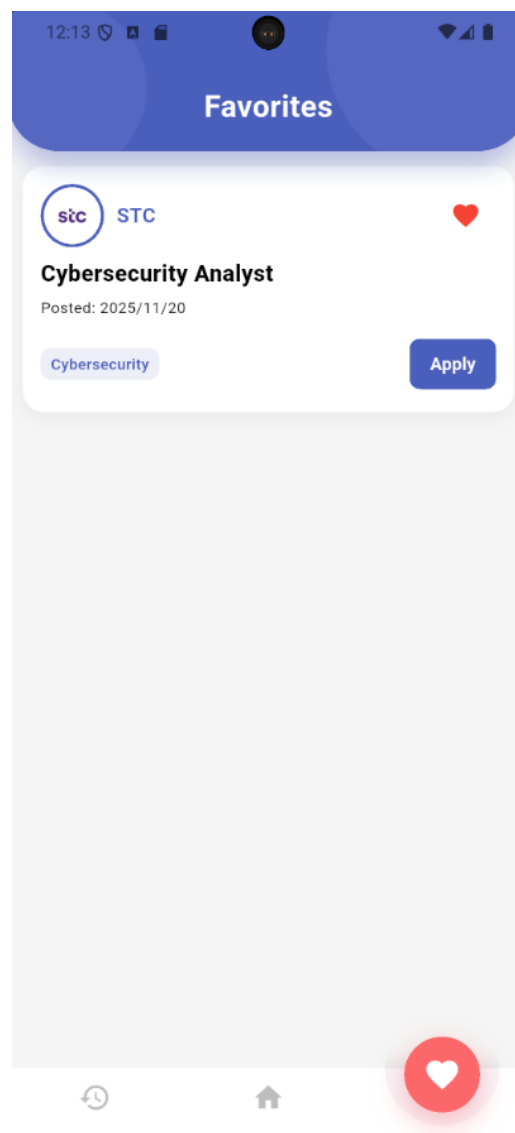

Figure 194: Favorites Page

8 Job Search and Application

8.1 Viewing All Jobs

The job seeker can view job postings from the Home Page. The Home Page displays a limited number of job cards in the Jobs section. To view more available jobs, the user selects **View All**.

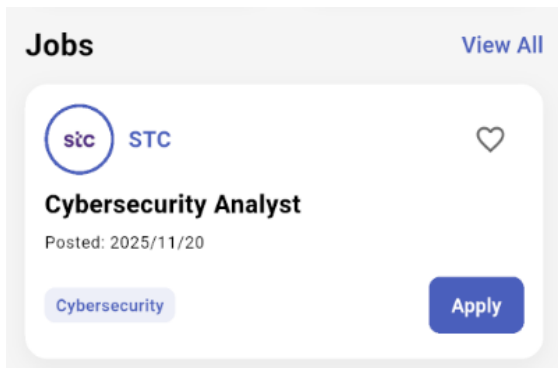

Figure 212:View All button

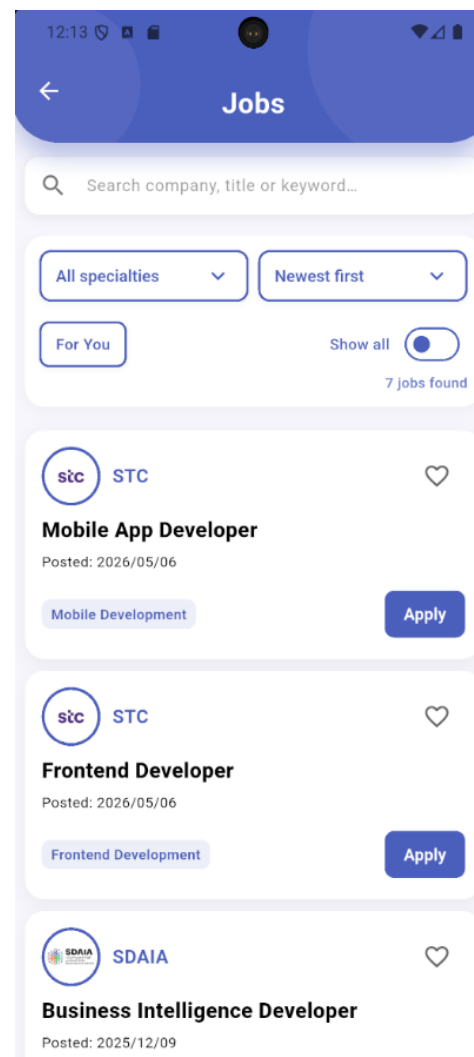

Figure 212:All Jobs Page

8.2 Filtering Jobs by Specialty

To filter the jobs by specialty, the user selects the **All specialties** dropdown and chooses a specific specialty. Jadeer then updates the job list to show jobs that match the selected specialty.

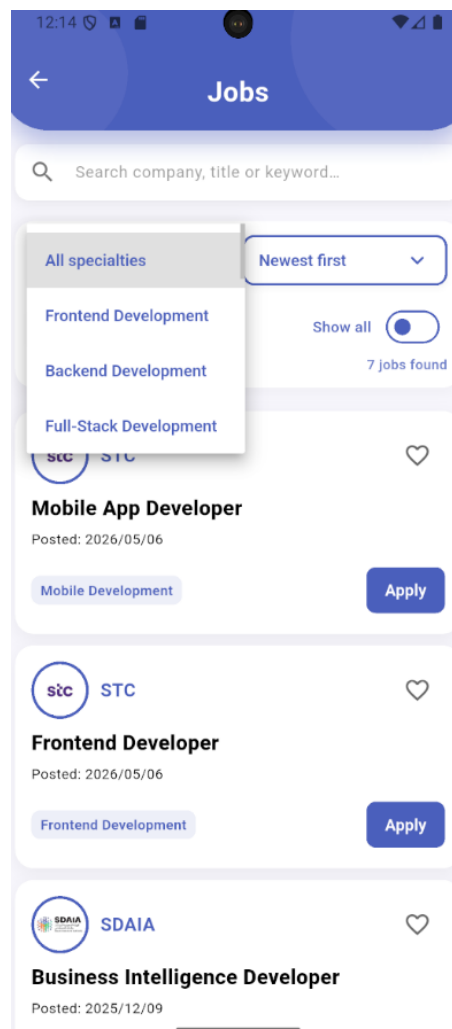

Figure 221: Filtering Jobs by Specialty

8.3 Sorting Jobs

The job seeker can sort job postings from the Jobs page. To sort the list, the user selects the sorting dropdown and chooses either **Newest first** or **Oldest first**.

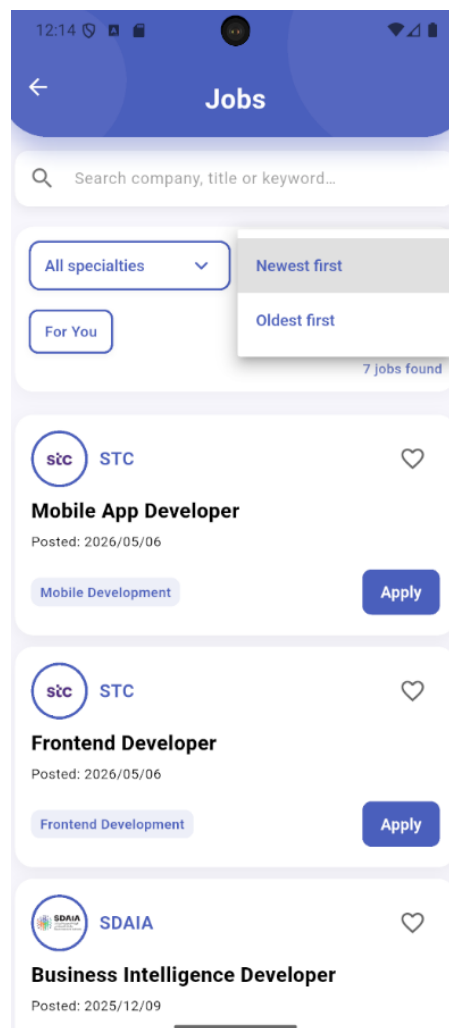

Figure 222: Sorting Jobs by Date

8.4 Viewing Recommended Jobs

The job seeker can use the **For You** option to view job postings that are recommended based on their uploaded CV.

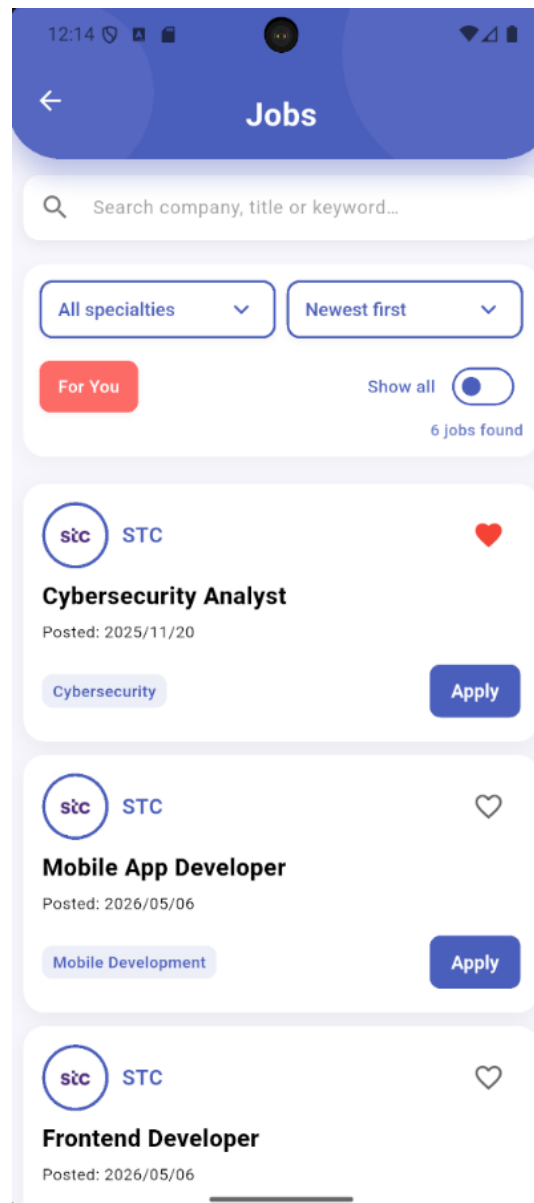

Figure 231: Recommended Jobs List

8.5 Showing All Job Postings

The **Show All** option allows the job seeker to view all open and closed postings. When this option is enabled, Jadeer displays closed jobs in the list with a **Closed** label, and the **Apply** button is disabled for those postings.

The user can still view closed job postings, but they cannot apply to them.

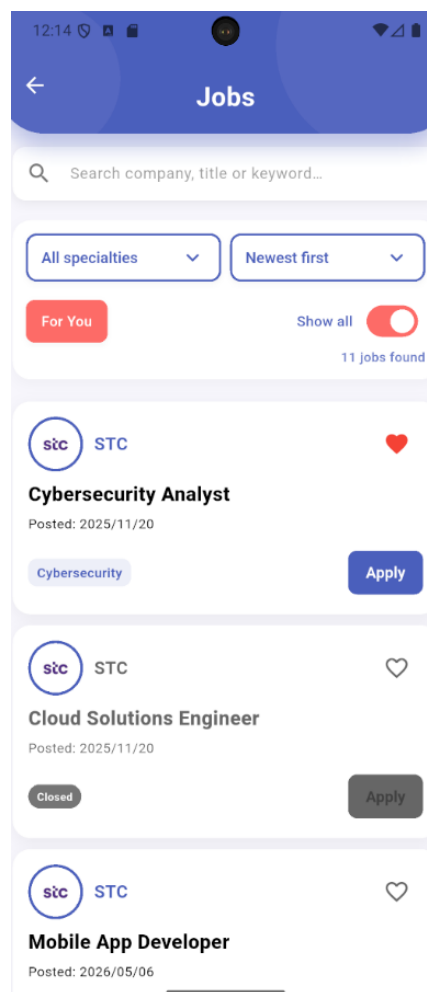

Figure 240: Show All filter

8.6 Searching for Jobs

The job seeker can search for job postings from the Jobs page by using the search bar at the top of the page. The user can enter a company name, job title, or keyword, and Jadeer updates the job list to show matching results.

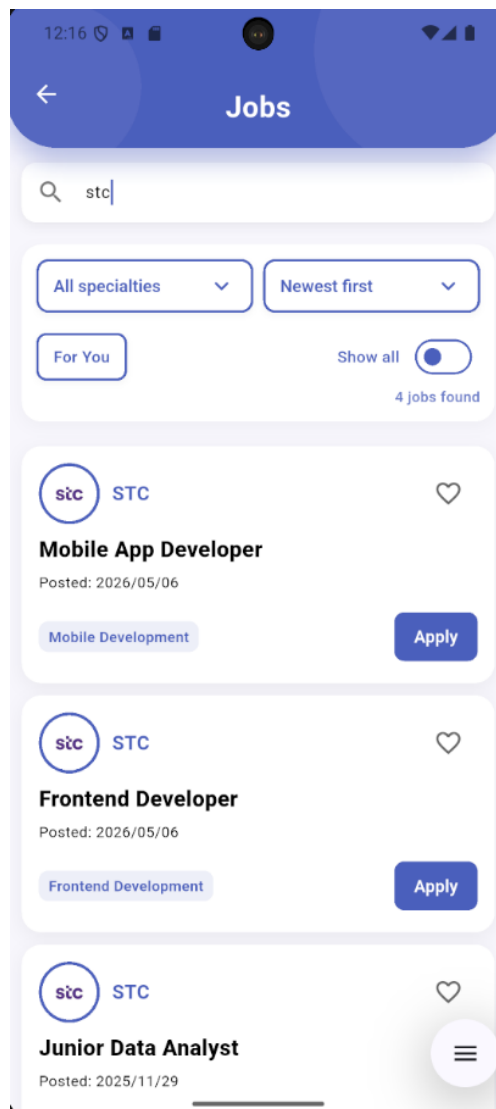

Figure 249: Searching for Jobs

8.7 Applying for job

To apply for a job, select the Apply button on a job card. Jadeer then directs the user to the Job Details page, where they can review the company information, job title, specialty, position details, posting dates, job description, and requirements.

After reviewing the job details, the user selects Apply at the bottom of the page to continue with the application process.

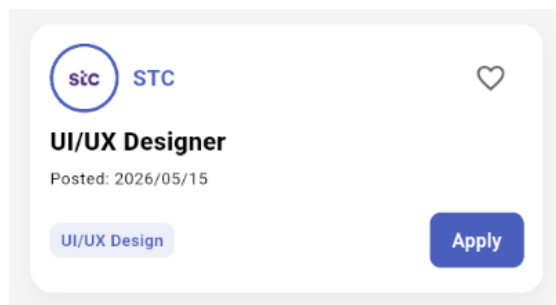

Figure 267:job Card

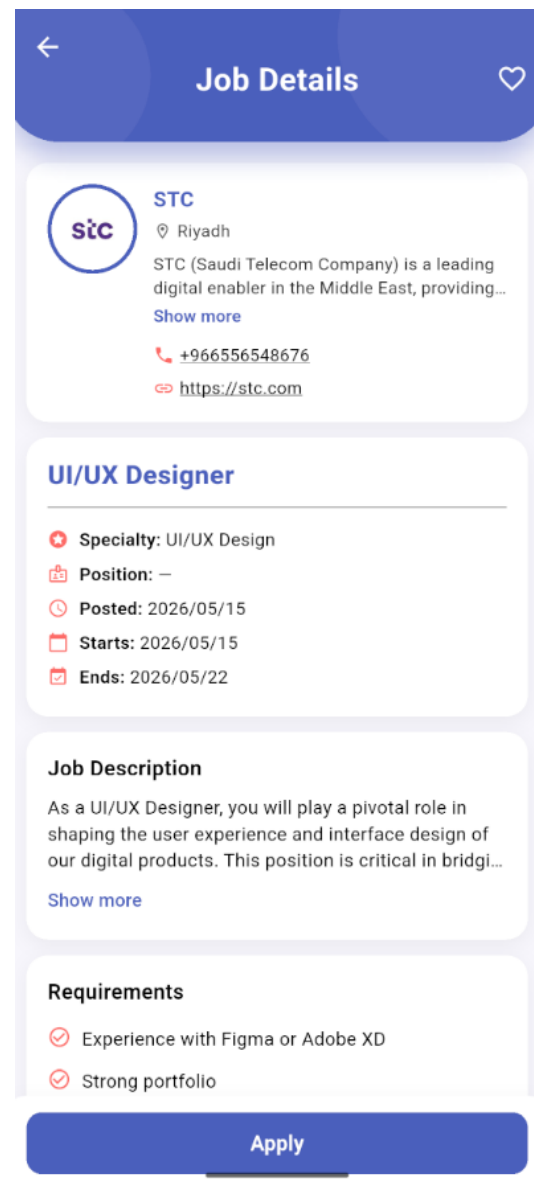

Figure 267:Job Details

8.7.1 Completing profile requirement

If the job seeker's profile is incomplete, Jadeer will not allow the user to apply immediately. Instead, a message appears asking the user to complete the missing profile information before applying. The message lists the missing items, such as profile photo or contact information. The user must complete the required profile details before submitting a job application

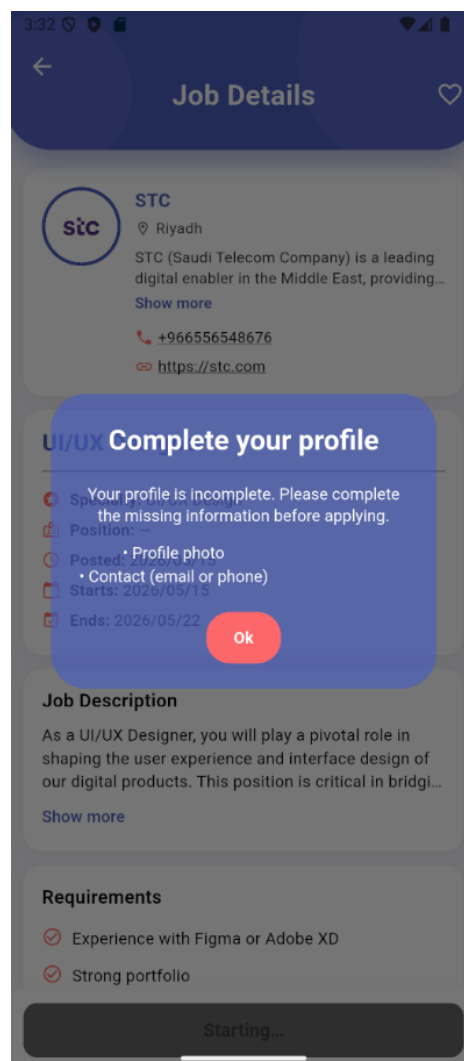

Figure 276: Incomplete Profile Warning

8.7.2 Uploading CV for Application

Before the user starts the mock interview they are asked to upload their CV for the application.

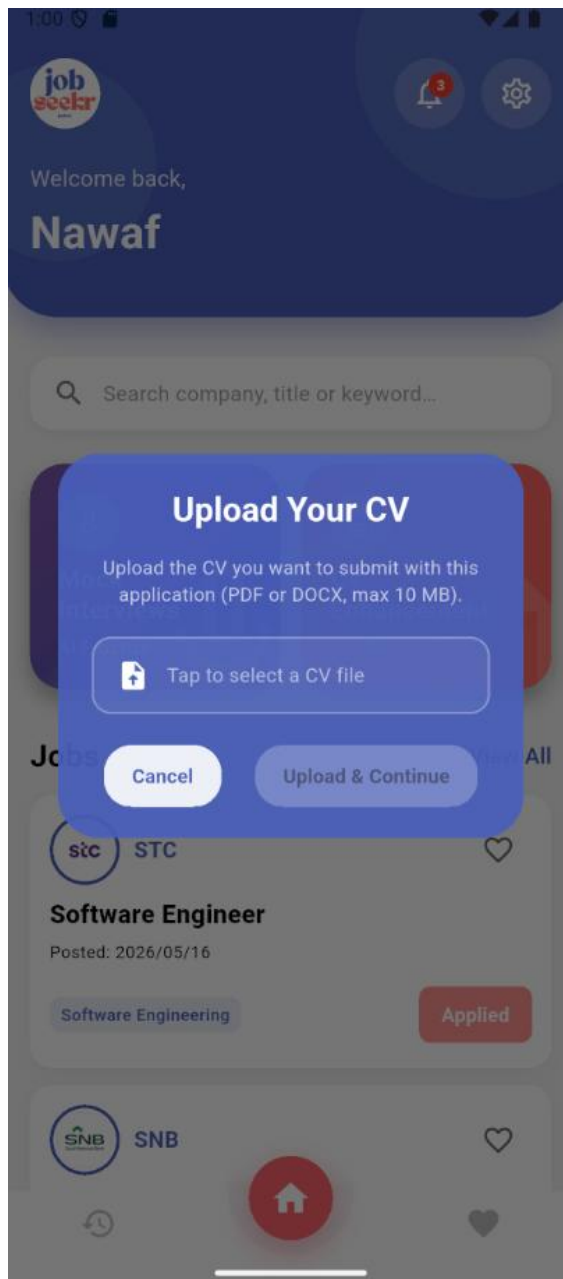

Figure 286: CV for Application

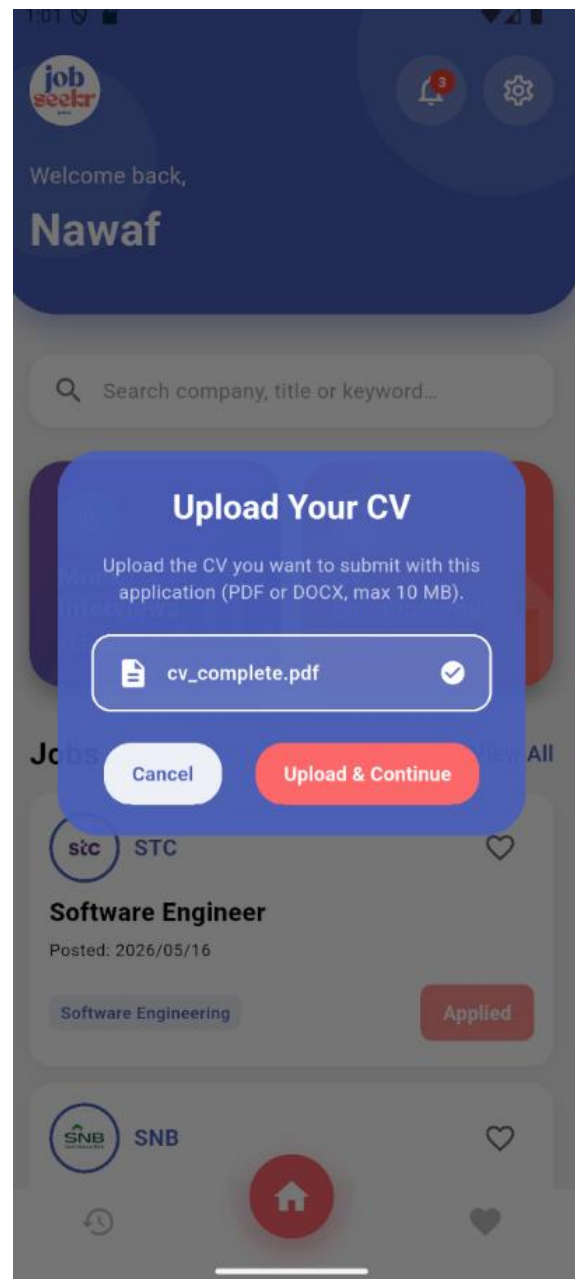

Figure 285: uploaded CV for Application

Jadeer requests access to the camera and microphone. This access is required because the application process includes recording interview answers. The recordings are used only to generate the interview report.

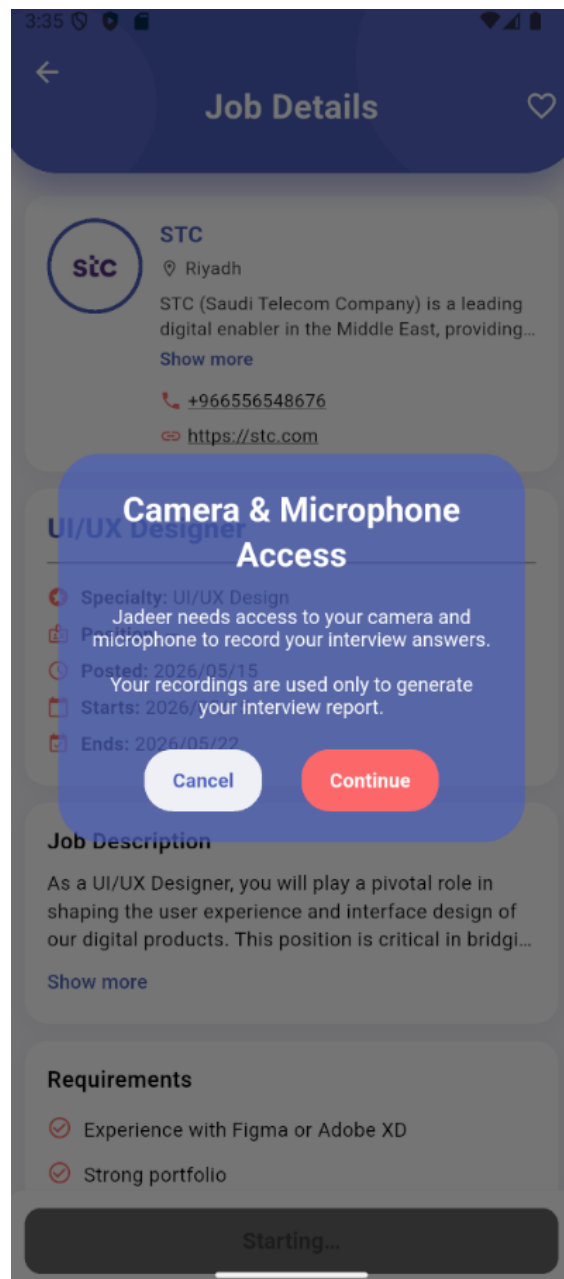

Figure 287: Camera and Microphone Access Request

Figure 288: Face Detected
Figure 289: Camera and Microphone Access Request

8.8 Starting the Job Interview

After granting access the job seeker is directed to the Job Interview page. If no face is detected, a warning message appears asking the user to position their face in front of the camera, and the user cannot start recording until their face is detected.

Once the face is detected, the user can tap the microphone button to start recording their answer.

Figure 296: No Face Detected Warning

Figure 297: Face Detected

8.9 Uploading and Reviewing Interview Answers

After the job seeker finishes recording an answer, The upload progress is shown on the screen. Once the answer is uploaded successfully, the **Next** button becomes available.

Figure 307: recording Interview Answer

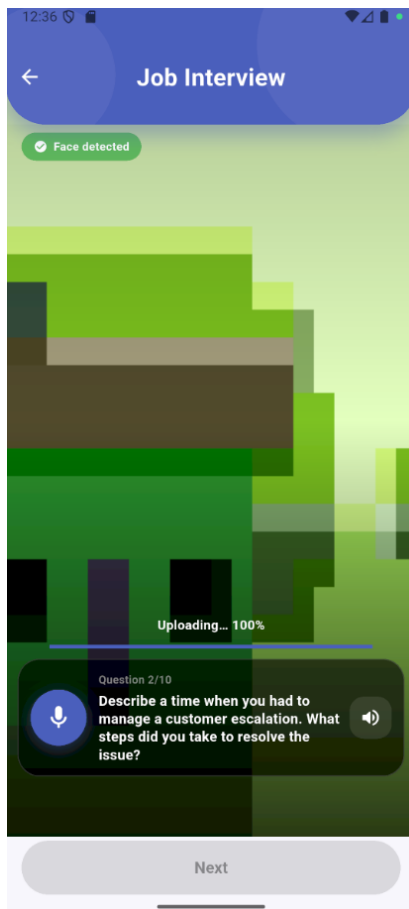

Figure 316: Answer Uploading

Figure 298: answer uploaded

8.9.1 Replacing Interview Answers

The jobseeker cannot replace their answers during job application interviews unlike mock interviews.

Figure 325: replace answer

8.10 Finishing the Job Interview

After answering all interview questions, The job seeker selects **Finish** to submit the completed interview.

After submission, Jadeer displays a loading screen while the interview is being submitted. The user should wait until the submission process is completed.

Figure 343: Final Job Interview Question

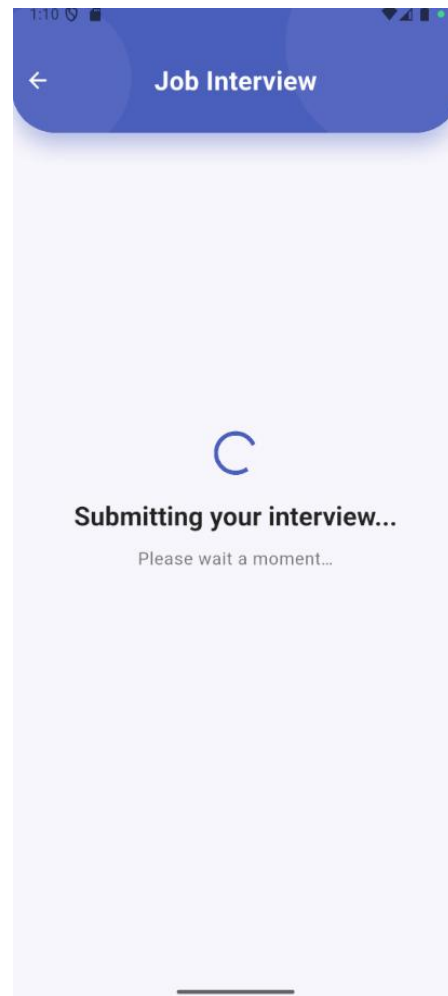

Figure 334: Submitting Job Interview

8.11 Interview Submission Notification

After the job seeker finishes the interview and submits it successfully, Jadeer displays a confirmation message on the Home Page indicating that the interview has been submitted successfully. In addition, a notification appears in the **Notifications** page informing the user that the application status is now **Pending**.

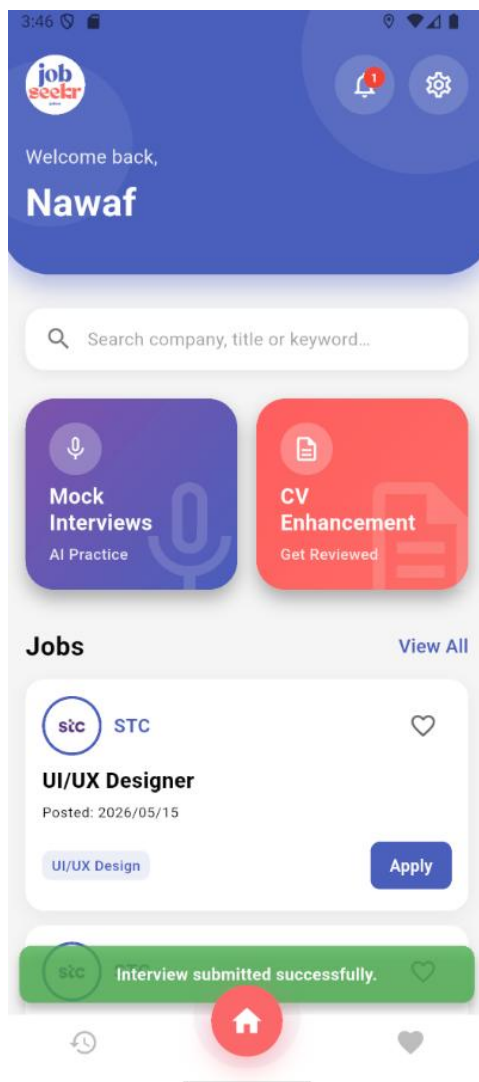

Figure 361: Interview Submitted Successfully Message

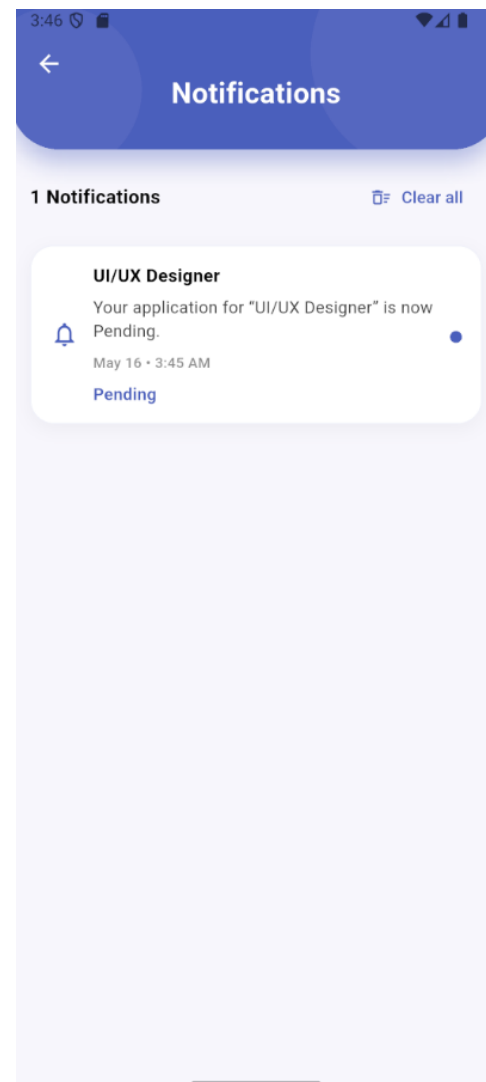

Figure 352: Pending Job Application Notification

9 History

The History page allows the job seeker to view previous activities in Jadeer. It is divided into three tabs:

- **CV Enhancement**
- **Mock Interview**
- **Job Application.**

Each tab shows the previous records for that feature. Records are stored for up to **30 days**, and the remaining availability period is shown beside each record

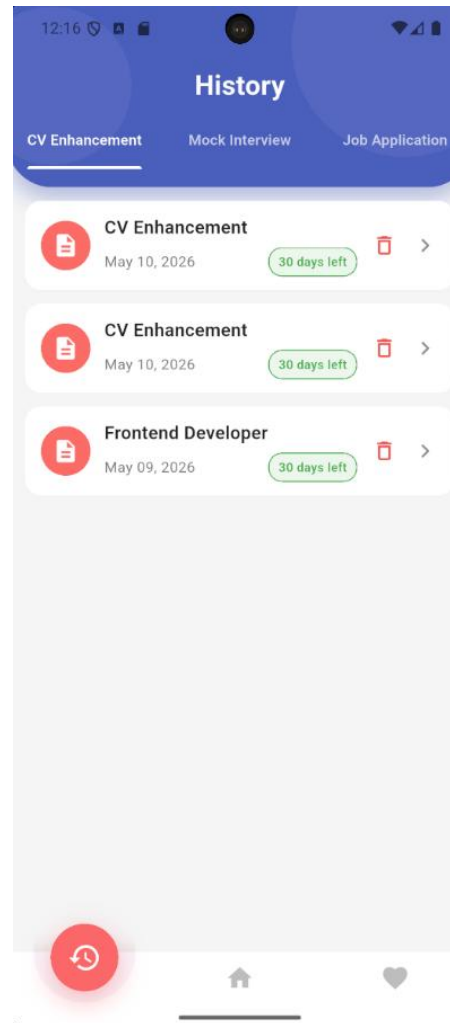

Figure 370:History Tab

9.1 CV Enhancement History

The **CV Enhancement** tab displays the job seeker's previous CV enhancement records.

- To view a CV enhancement record, the user selects the record. Jadeer then displays the **CV Enhancement Results** page.
- To delete a CV enhancement record, the user selects the delete icon. Jadeer displays a confirmation message asking whether the user wants to delete the CV enhancement.

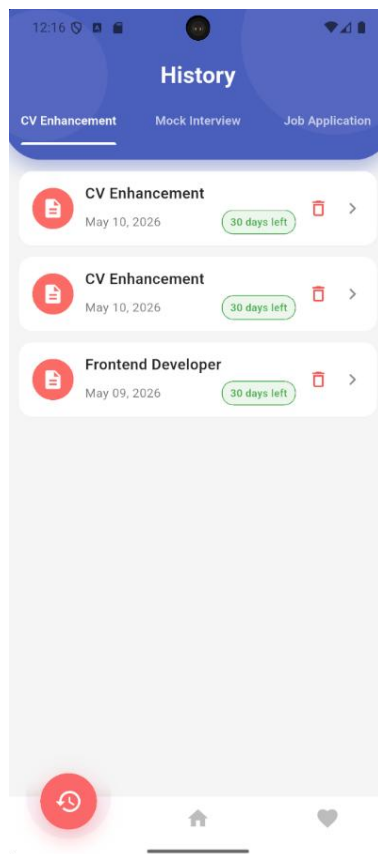

Figure 380: CV Enhancement History Records

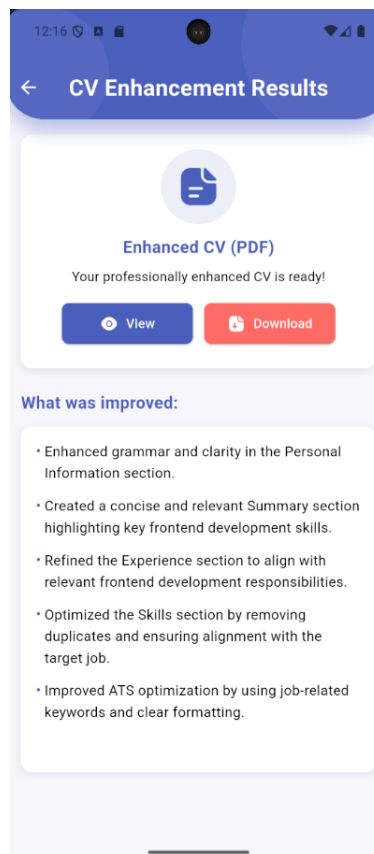

Figure 371: CV Enhancement History Details

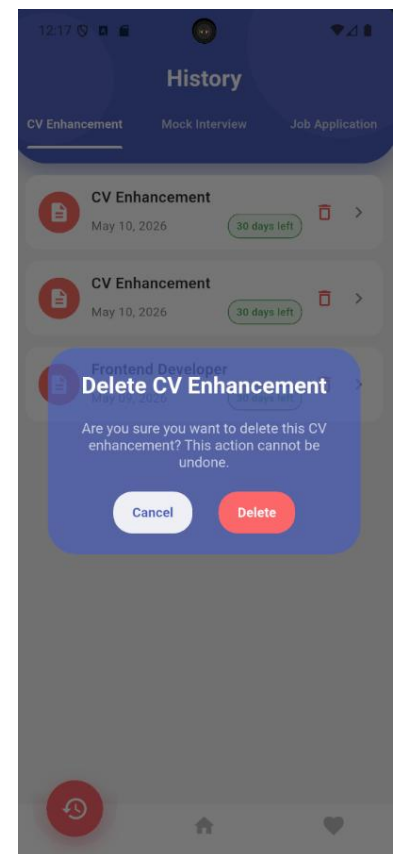

Figure 389: Delete CV Enhancement Confirmation

9.2 Mock Interview History

The **Mock Interview** tab displays the job seeker's previous mock interview records.

- To view a mock interview record, the user selects record. Jadeer then displays the **Interview Report** page, where the user can view the overall score and interview feedback.
- To delete a mock interview record, the user selects the delete icon. Jadeer displays a confirmation message asking whether the user wants to delete the mock interview record.

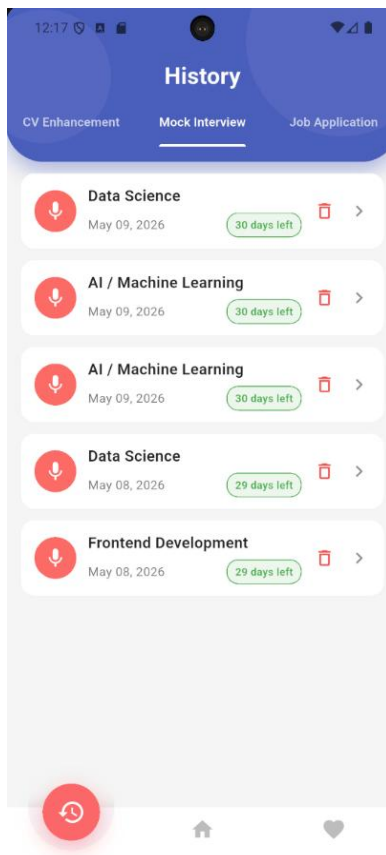

Figure 399:Mock Interview History Records

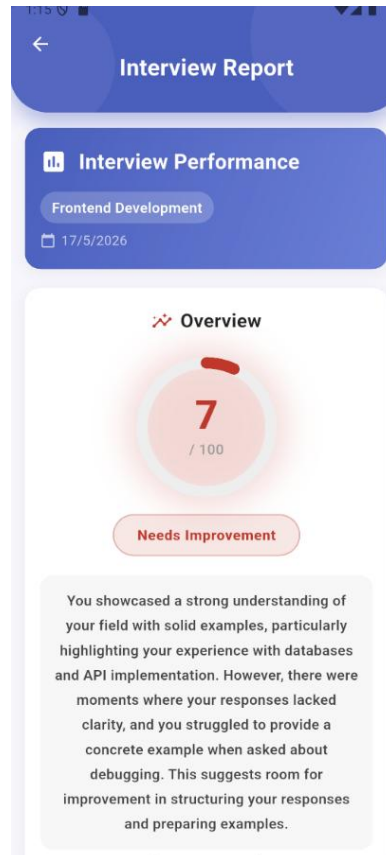

Figure 408:Mock Interview Report Details

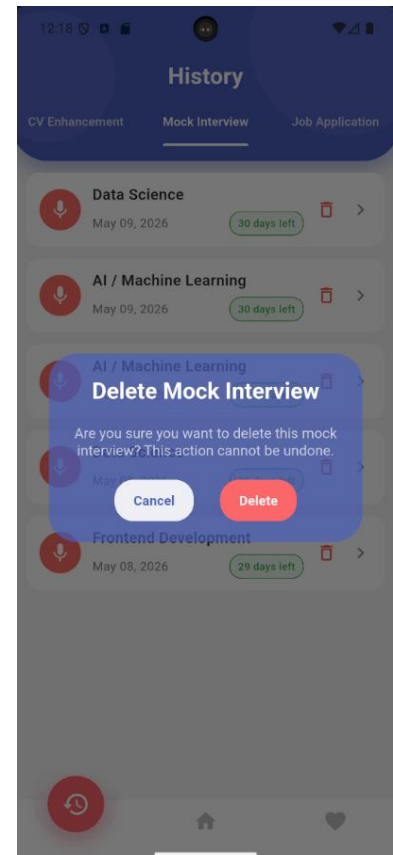

Figure 398:Delete Mock Interview Confirmation

9.3 Job Application History

The **Job Application** tab displays the job seeker's previous job applications. Each record shows the job title, company name, application date, and current application status, such as **Shortlisted**, **Rejected** or **pending**.

To delete a job application record, the user selects the delete icon. Jadeer displays a confirmation. If the user selects **Delete**, the record is removed from the history.
